

WHAT IS THIS?

It's a low-prep room transformation!

Use the 10 math challenges, included decor, and more for a fun & easy room transformation!

Simply print the academic challenges, put up a few included decor items, and you're ready for a great day!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

Let's start with the basics...

What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

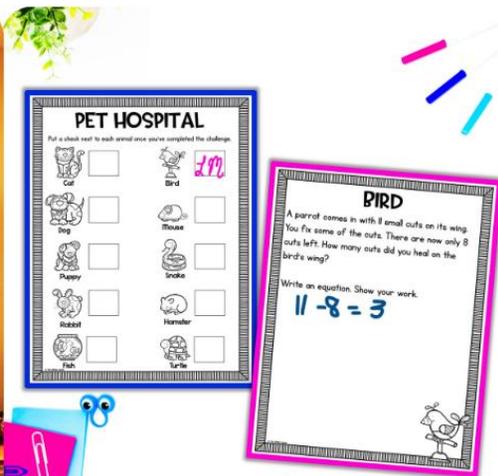

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

STEP 1:

Tell your class they are **vets today!**

They will practice addition & subtraction word problems in activities set up around the room. You can do this for a day, a few days, or over the course of a week!

Flexibility is key.

Need to modify? No problem!
Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

STEP 2:

Let students move around the room and complete each center. They can be completed in any order. All centers include practicing addition & subtraction word problems.

Optional Recording Sheet

When a student finishes a center, you sign that spot on their recording sheet to keep track of what they've completed.

Freedom to choose.

Students can work in partners, rotations, groups, or independently. Your choice!

PET HOSPITAL
Put a check next to each animal once you've completed the challenge.

Cat <input type="checkbox"/>	Bird <input checked="" type="checkbox"/>
Dog <input type="checkbox"/>	Mouse <input type="checkbox"/>
Puppy <input type="checkbox"/>	Snake <input type="checkbox"/>
Rabbit <input type="checkbox"/>	Hamster <input type="checkbox"/>
Fish <input type="checkbox"/>	Turtle <input type="checkbox"/>

BIRD
A parrot comes in with 11 small cuts on its wing. You fix some of the cuts. There are now only 8 cuts left. How many cuts did you heal on the bird's wing?
Write an equation. Show your work.
 $11 - 8 = 3$

Decorative elements include a pink paperclip, a blue paperclip, a cartoon bird, and a string of colorful beads.

STEP 3:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

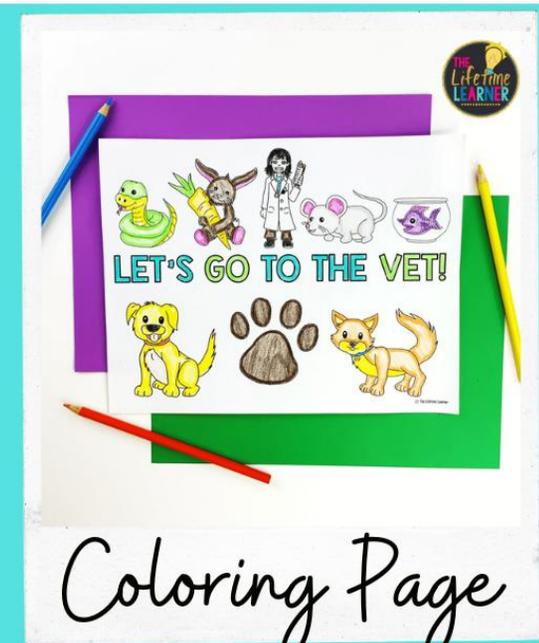

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

Certificate

Coloring Page

In Action Pic

Prize

STEP 4:

Most of the time, there are early finishers. These kiddos get to go around the room and complete a write the room activity! No one is ever bored.

How to Use

Name: _____

FIND IT! WRITE IT! <<<<

A. 	_____	F. 	_____
B. 	_____	G. 	_____
C. 	fish	H. 	_____
D. 	_____	I. 	_____
E. 	_____	J. 	_____

THE LIFETIME LEARNER

fish

leash

dog

Students write each word they find around the room.

How to Use

Name: _____

WRITE THE LETTER <<<<

Letter: _____		Letter: _____	
Letter: _____		Letter: _____	
Letter: _____		B.  The vet has my bunny.	
Letter: B		Letter: _____	
Letter: _____		Letter: _____	

THE LIFETIME LEARNER

cone on.

a new puppy.

Students find each card and write the correct letter on their recording sheet.

THE CONTENT:

10 themed math challenges
aligned to math standards

DOG

Lots of dogs come in needing x-rays for broken bones. Sixteen of the dogs are sent home because they are fine. 4 dogs are left. How many dogs were at the vet first?

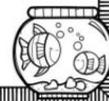

Write an equation. Show your work.

FISH

You are checking on the fish in a tank to make sure they are okay. You see 16 fish swimming around. If 3 of them are orange fish, how many are blue?

Write an equation. Show your work.

RABBIT

A rabbit comes in with a sick tummy because he ate too many carrots. He ate 5 carrots yesterday and 13 carrots today. How many carrots did he eat altogether?

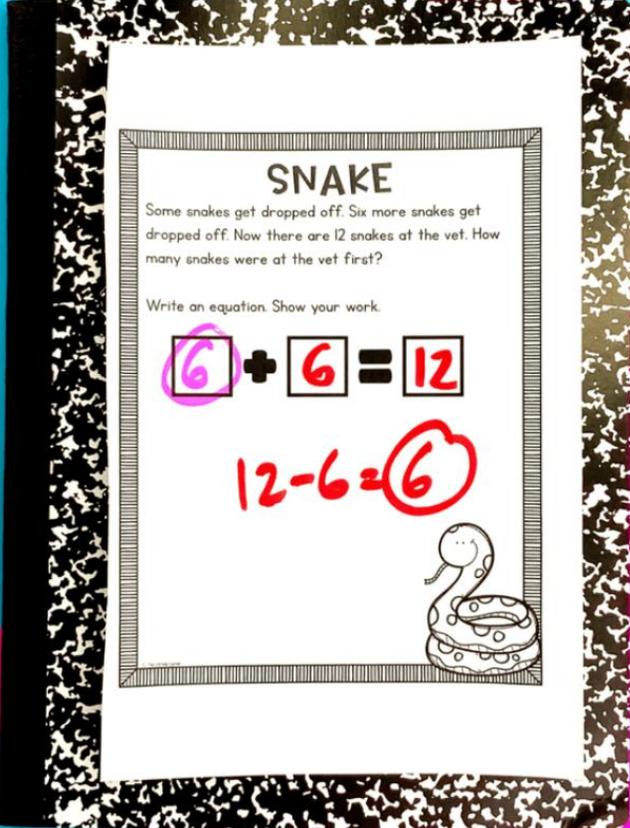

Write an equation. Show your work.

HOW TO USE THIS:

Ideas for Implementation:

- pick and choose the centers you want to use: do what works best for your class!
- you can have students work individually, in partners, or small groups--any way works!
- give students 1-2 hours to complete all 10 activities
- give less than 10 challenges to students if you are short on time
- OR spread the room transformation out over a couple of days

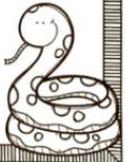

SNAKE

Some snakes get dropped off. Six more snakes get dropped off. Now there are 12 snakes at the vet. How many snakes were at the vet first?

Write an equation. Show your work.

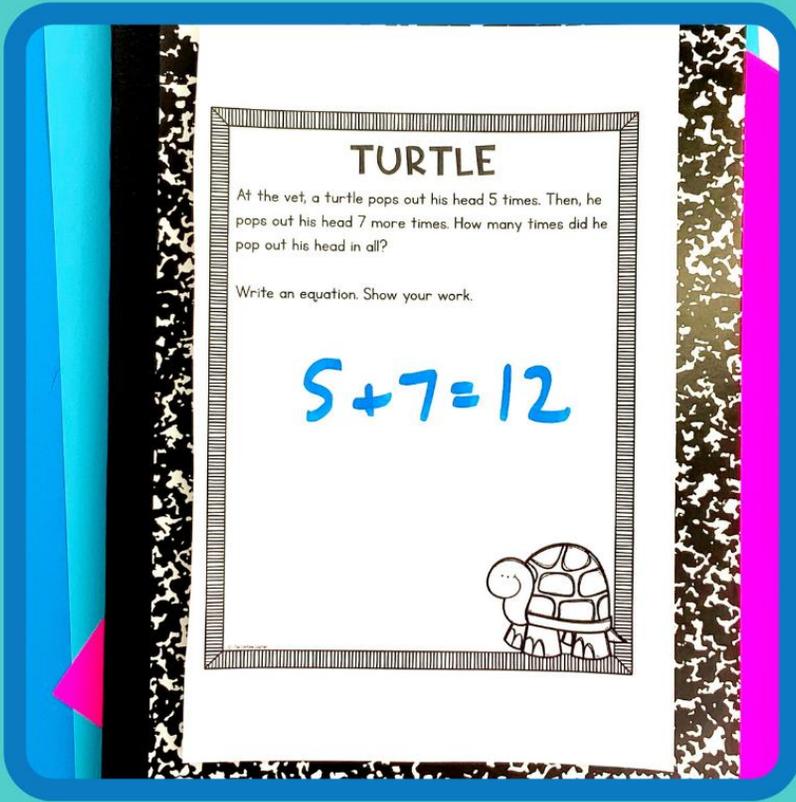

$6 + 6 = 12$

$12 - 6 = 6$

**Choose the format
that works best for you!**

Every activity relates to real-life mathematics!

HAMSTER

A little girl brings in her hamsters. She has 5 girl hamsters and 8 boy hamsters on her desk. How many hamsters does she have in total?

MOUSE

A mouse gets loose in the waiting room. You chase the mouse for 9 seconds. Then you chase another mouse for 6 seconds. How long did you chase mice in total?

TURTLE

A turtle pops out his head 5 times. Then, he pops his head 7 more times. How many times did he pop his head in total?

FISH

You are checking on the fish in a tank. There are 10 goldfish, 5 orange fish, and 1 blue fish. How many fish are there in total?

BIRD

A parrot comes in with 11 small cuts on its wing. You fix some of the cuts. There are now only 8 cuts left. How many cuts did you heal on the bird's wing?

RABBIT

A rabbit comes in with a sick tummy because he ate too many carrots. He ate 5 carrots yesterday and 13 carrots today. How many carrots did he eat in total?

CAT

13 cats have come in today to get their shots. 7 cats are given a shot and go home. How many cats still need shots?

Write an equation. Show your work.

Show your work.

DOG

Lots of dogs come in needing x-rays for broken bones. Sixteen of the dogs are sent home because they are fine. 4 dogs are still in the vet. How many dogs were at the vet first?

Write an equation. Show your work.

PUPPY

15 puppies were left open at the vet. All of the puppies were put in crates. 7 puppies escaped.

How many puppies were left in the crates? Caught 8 of the puppies so far.

focuses on:
addition & subtraction
word problems

TURTLE CHALLENGE

At the vet, a turtle pops out his head 5 times. Then, he pops out his head 7 more times. How many times did he pop out his head in all?

1st Time:

MOUSE CHALLENGE

A mouse gets loose in the waiting room. You chase the mouse for 9 seconds. Then you chase it for the same amount of seconds. How many seconds did you chase the mouse in all?

Write an equation and solve.

$$9+9=18$$

HAMSTER CHALLENGE

A little girl brings in her hamsters. She puts 7 girl hamsters and 8 boy hamsters on the table. How many hamsters does he have in all?

Girl Hamsters:

Boy Hamsters:

FISH CHALLENGE

You are checking on the fish in a tank to make sure they are okay. You see 16 fish swimming around. If 3 of them are orange fish, how many are blue?

Write an equation and solve.

$$16-3=13$$

$$3+13=16$$

K-5 MATH & READING

THE LIFETIME LEARNER'S CLASSROOM TRANSFORMATIONS ARE:

1. Engaging to Students
2. Classroom Tested (and Student-Approved)
3. Print and Digital Compatible
4. Jam-Packed with Content
5. Aligned to Math Standards
6. Easy to Implement
7. Flexible for Every Classroom
8. Versatile Ways to Reward Students
9. Rigorous Student Learning Activities

All content is included so you can simply **print**
and get ready for an **AMAZING** experience
with your students!

Please Note:

- **There are 10 math challenges provided as well as décor, a fast finisher activity, and additional extras.**
- **The digital version is provided in Google Slides.**
- **Nervous about trying your first room transformation? You'll be hooked once you try one! I promise!**
- **Feel free to contact me if you have questions or want to chat about room transformations. You can email me at lindsaythelifetimelearner@gmail.com**
