

# WHAT IS THIS?

It's a low-prep room transformation!

Use the 10 math challenges, included decor, and more for a fun & easy room transformation!

Simply print the academic challenges, put up a few included decor items, and you're ready for a great day!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

# Let's start with the basics...

## What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

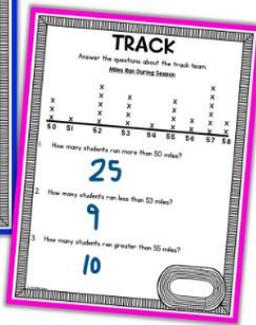

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

# STEP 1:

Tell your class they are athletes today!

They will practice line plots in activities set up around the room. You can do this for a day, a few days, or over the course of a week!

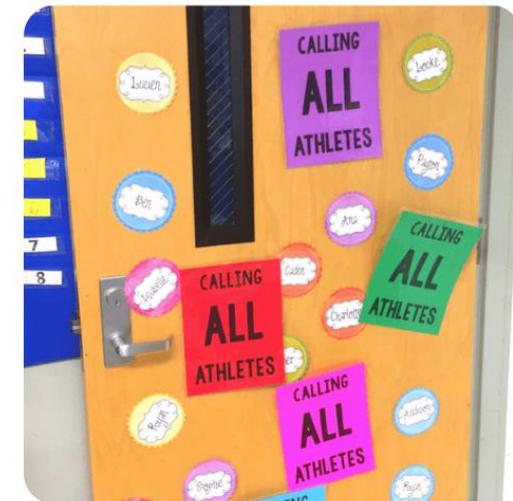

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

Flexibility is key.

Need to modify? No problem! Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

# STEP 3:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

## Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

Certificate

Coloring Page

In Action Pic

Prize

# STEP 4:

Most of the time, there are early finishers. These kiddos get to go around the room and read fun facts about the topic! No one is ever bored.

## Choose from 3 versions!

### 1 Digital Scavenger Hunt

Let students "find" the facts on Google Slides

### 2 Printable Facts

Hang facts around room

### 3 QR Codes

Students scan to read fun facts

# THE CONTENT:

## 10 themed math challenges aligned to math standards

### FOOTBALL

Plot the data on the line plot based on how far the quarterback threw the ball.

#### Quarterback's Throwing Distance

70 71 72 73 74 75 76 77 78

Throw #1	Throw #2	Throw #3	Throw #4	Throw #5	Throw #6	Throw #7	Throw #8	Throw #9
70	72	77	75	70	77	70	78	78

Throw #10	Throw #11	Throw #12	Throw #13	Throw #14	Throw #15	Throw #16	Throw #17	Throw #18
75	71	73	74	72	78	73	71	76

### BASKETBALL

Try and make five shots in the basketball hoop from each line on the ground.

Record your data in the table below.

Line Number	Successful Shots
Line 1	
Line 2	
Line 3	

Then, record your data on the line plot.

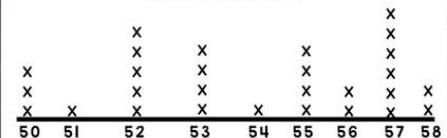

Line 1   Line 2   Line 3

How Far Away You're Standing From Hoop

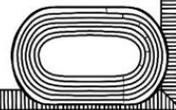

### TRACK

Answer the questions about the track team.

Miles Ran During Season

1. How many students ran more than 50 miles?
2. How many students ran less than 53 miles?
3. How many students ran greater than 55 miles?

# HOW TO USE THIS:

## Ideas for Implementation:

- pick and choose the centers you want to use: do what works best for your class!
- you can have students work individually, in partners, or small groups--any way works!
- give students 1-2 hours to complete all 10 activities
- give less than 10 challenges to students if you are short on time
- OR spread the room transformation out over a couple of days

**BOWLING**

Answer the questions about the bowling tournament.  
Number of Strikes Scored

	X								X		X
	X								X		X
X		X		X	X	X			X		X
X	X	X	X	X	X	X	X	X	X	X	X
X	X	X	X	X	X	X	X	X	X	X	X
1	2	3	4	5	6	7	8	9	10	11	12

1. How many players earned 4 strikes?  
**6**

2. How many players earned 1 strike?  
**4**

3. How many fewer players earned 2 strikes than 10 strikes?  
**3**

# Every activity relates to real-life mathematics!

## VOLLEYBALL

Answer the questions about the volleyball tournament.

X  
X

## HOCKEY

Answer the questions about crazy hockey game below.

Points Scored During the Game

X

## BOWLING

Answer the questions about the bowling tournament.

Number of Strikes Scored

X

## TENNIS

You record how many tennis balls you can hit in one minute.

Minutes

## BASKETBALL

Try and make five shots in the basketball hoop from each line on the ground.

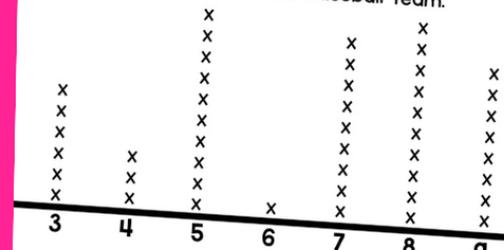

Record your data in the table below.

Line Number	Successful Shots
Line 1	
Line 2	
Line 3	

## BASEBALL

Answer the questions about the baseball team.

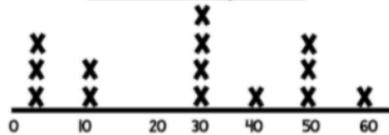

**focuses on:  
line plots**

# HOCKEY

Answer the questions about crazy hockey game below.

Points Scored During the Game

1. How many players scored 50 points during the game?

3

2. How many players scored no points?

3

3. How many more players scored 30 points

# VOLLEYBALL

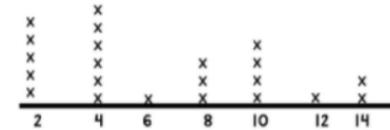

Answer the questions about the volleyball tournament.

1. Which two winning amounts were equal to one another?

6 and 12

2. How many more volleyball teams won 10 games than 6 games?

3

Number of Games Won

# BOWLING

Answer the questions about the bowling tournament.

1. How many players earned 4 strikes?

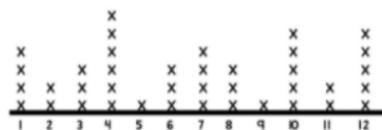

6

2. How many players earned 1 strike?

4

3. How many fewer players earned 2

Number of Strikes Scored

# TRACK

Answer the questions about the track team.

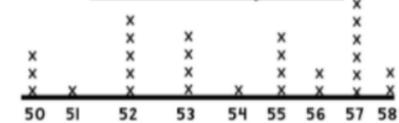

1. How many students ran more than 50 miles?

25

2. How many students ran less than 53 miles?
