

WHAT IS THIS?

It's a low-prep room transformation!

Use the 10 math challenges, included decor, and more for a fun & easy room transformation!

Simply print the academic challenges, put up a few included decor items, and you're ready for a great day!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

Let's start with the basics...

What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

STEP 1:

Tell your class they are farmers today!

They will practice partitioning shapes into halves, thirds and fourths in activities set up around the room. You can do this for a day, a few days, or over the course of a week!

Flexibility is key.

Need to modify? No problem!
Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

STEP 2:

Let students move around the room and complete each center. They can be completed in any order. All centers include practicing partitioning shapes into halves, thirds and fourths.

Optional Recording Sheet

When a student finishes a center, you sign that spot on their recording sheet to keep track of what they've completed.

Freedom to choose.

Students can work in partners, rotations, groups, or independently. Your choice!

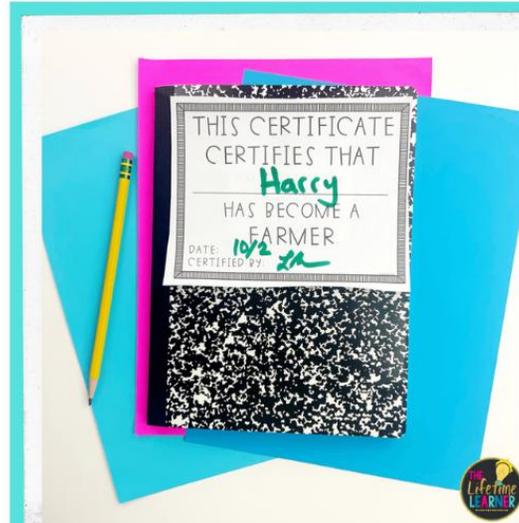

STEP 3:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

Prize

STEP 4:

Most of the time, there are early finishers. These kiddos get to go around the room and read fun facts about the topic! No one is ever bored.

Choose from 3 versions!

THE CONTENT:

10 themed math challenges
aligned to math standards

GOAT CHALLENGE

Tell if the farmer partitioned each goat pen correctly.
Write YES or NO to show if each one has equal parts.

Goat Pen #1 

Goat Pen #2 

Goat Pen #3 

Goat Pen #4 

Goat Pen #5 

Goat Pen #6 

ROOSTER CHALLENGE

The rooster is running around the farm eating all of the other animals' food!

Identify the fraction of food left in each bowl.

Cow's Food 

Pig's Food 

Frog's Food 

Sheep's Food 

Chicken's Food 

Horse's Food 

Goat's Food 

Dog's Food 

GOOSE CHALLENGE

Some geese only want to swim in certain ponds.

Color the ponds split into halves dark blue.
Color the ponds split into thirds light blue.
Color the ponds split into fourths brown.

HOW TO USE THIS:

Ideas for Implementation:

- pick and choose the centers you want to use: do what works best for your class!
- you can have students work individually, in partners, or small groups--any way works!
- give students 1-2 hours to complete all 10 activities
- give less than 10 challenges to students if you are short on time
- OR spread the room transformation out over a couple of days

Choose the format
that works best for you!

Every activity relates to real-life mathematics!

COWS CHALLENGE

The cows need your help. They each think their hay bin into halves correctly. Who is right?

SHEEP CHALLENGE

Tell what each sheep pen has been broken into in word form.

OSTER CHALLENGE

is running around the farm eating all of the other...

CHICKEN CHALLENGE

Split the chicken coop into four equal pieces.

GOAT CHALLENGE

Tell if the farmer partitioned each goat pen correctly. Write YES or NO to show if each one has equal parts.

Goat Pen #1

Goat Pen #4

HORSE CHALLENGE

How much hay each horse ate below.

to thirds

One whole

GOOSE CHALLENGE

Some geese only want to swim in certain ponds.

Color the ponds split into halves dark blue.

Color the ponds split into thirds light blue.

Color the ponds split into fourths brown.

FROG CHALLENGE

have been catching flies all morning. Draw the shape to match the words given.

one half

One third

CAT & DOG CHALLENGE

The cat and dog both want their food broken up equally. Help them out by splitting up the food but in DIFFERENT ways for each animal.

halves

focuses on:
partitioning shapes into halves, thirds and fourths

SHEEP CHALLENGE

Tell what each sheep pen has been broken into in word form.

Thirds

Fourths

GOAT CHALLENGE

Tell if the farmer partitioned each goat pen correctly. Write YES or NO to show if each one has equal parts.

Goat Pen #1

No

Goat Pen #4

No

No

Yes

Goat Pen #2

Yes

Goat Pen #5

Yes

PIG CHALLENGE

The pigs are sliding around in the mud! They have messed up their pig pen and made it way too muddy!

Can you partition the pig pens below into 4 equal parts so all 4 pigs have an equal amount of space? Partition each pig pen differently to show the various ways of showing equal parts.

COW CHALLENGE

The cows need your help. They each think they split the hay bin into halves correctly. Who is right? Tell why!

They are all correct. Each shape is the same size but is cut
