

WHAT IS THIS?

It's a low-prep room transformation!

Use the 10 math challenges, included decor, and more for a fun & easy room transformation!

Simply print the academic challenges, put up a few included decor items, and you're ready for a great day!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

Let's start with the basics...

What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

STEP 1:

Tell your class they are working in an ice cream shop today!

They will be solving money word problems. You can do this for a day, a few days, or over the course of a week!

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

Flexibility is key.

Need to modify? No problem! Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

STEP 2:

Let students move around the room and complete each center. They can be completed in any order. All centers include money word problems.

Optional Recording Sheet

When a student finishes a center, you sign that spot on their recording sheet to keep track of what they've completed.

Freedom to choose.

Students can work in partners, rotations, groups, or independently. Your choice!

STEP 3:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

Certificate

Coloring Page

In Action Pic

Prize

STEP 4:

Most of the time, there are early finishers. These kiddos get to go around the room and read fun facts about the topic! No one is ever bored.

Choose from 3 versions!

THE CONTENT:

10 themed math challenges aligned to math standards

POPSICLE

Write on the bottom of each popsicle if the money shown is true or false.
If false, tell the correct amount.

The first row of popsicles has price tags of \$0.40, \$0.13, and \$0.50. The second row has price tags of \$0.30, \$0.35, and \$0.55.

ICE CREAM CUPS

Color each sentence the same color as the cup it goes with.

I have 3 nickels and 11 pennies.
I have 1 quarter and 1 nickel.
I have 3 nickels and 3 dimes.
I have 8 dimes and 4 pennies.
I have 5 nickels and 5 pennies.
I have 10 pennies and 9 nickels.
I have 2 quarters and 3 pennies.
I have 15 pennies and 4 dimes.

Blue
More than 50 cents

Purple
Less than 50 cents

ICE CREAM SUNDAE

Tell how much each order cost by looking at the chart.

SCOOPS	COST
1 SCOOP	1 QUARTER
2 SCOOPS	2 QUARTERS
3 SCOOPS	3 QUARTERS

1. How much did this group spend?
 \$

2. How much did this group spend?
 \$

3. How much did this group spend?
 \$

HOW TO USE THIS:

Ideas for Implementation:

- pick and choose the centers you want to use: do what works best for your class!
- you can have students work individually, in partners, or small groups--any way works!
- give students 1-2 hours to complete all 10 activities
- give less than 10 challenges to students if you are short on time
- OR spread the room transformation out over a couple of days

POPSICLE

Write on the bottom of each popsicle if the money shown is true or false. If false, tell the correct amount.

ICE CREAM SUNDAE

Tell how much each order cost by looking at the chart.

SCOOPS	COST

HOT BEER FLOAT

Her's bill comes out to \$8.37.

ICE CREAM C

Did each person spend an equal amount on a cone? Put a smile or frown to show.

FROZEN YOGURT

Color the frozen yogurt bar according to the key.

MILKSHAKE

Milkshakes that cost the same amount the same color.

ICE CREAM CUPS

Color each sentence the same color as the amount of money.

- I have 3 nickels and 1 dime
- I have 1 quarter and 2 dimes
- I have 3 nickels and 3 pennies
- I have 8 dimes and 4 pennies
- I have 5 nickels and 5 pennies
- I have 10 pennies and 9 pennies
- I have 2 quarters and 3 pennies
- I have 15 pennies and 4 pennies

ICE CREAM SANDWICH

Put the money in order from least to greatest.

Greatest

- 6 pennies
- 4 quarters
- 15 pennies
- 1 nickel
- 2 quarters

BANANA SPLIT

She buys a banana split. When they add lots of toppings, it costs \$1.25. What is the total amount the customer owes?

1 SCOOP	1 QUARTER
2 DOLLOP	1 DIME
3 CHERRY	1 NICKEL
