

WHAT IS THIS?

It's a low-prep room transformation!

Use the 10 math challenges, included decor, and more for a fun & easy room transformation!

Simply print the academic challenges, put up a few included decor items, and you're ready for a great day!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

Let's start with the basics...

What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

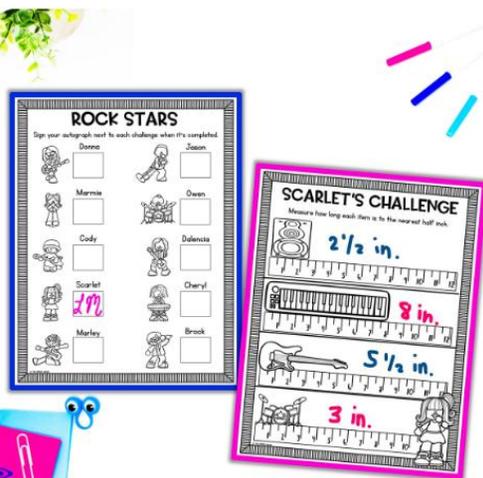

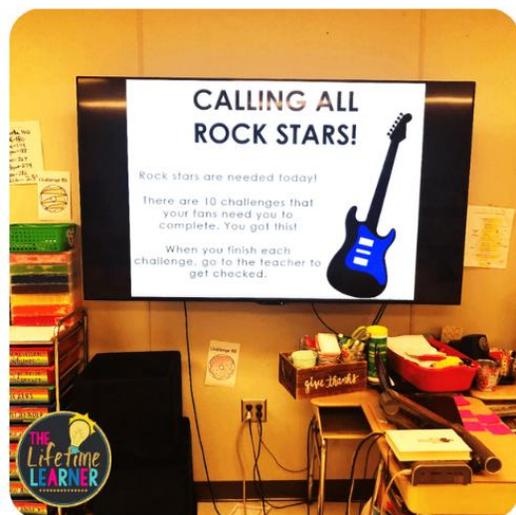

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

STEP 1:

Tell your class they are rock stars today!

They will practice a variety of 2nd grade math skills in activities set up around the room. You can do this for a day, a few days, or over the course of a week!

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

Flexibility is key.

Need to modify? No problem!

Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

STEP 2:

Let students move around the room and complete each center. They can be completed in any order. All centers include reviewing a variety of 2nd grade math skills.

Optional Recording Sheet

When a student finishes a center, you sign that spot on their recording sheet to keep track of what they've completed.

Freedom to choose.

Students can work in partners, rotations, groups, or independently. Your choice!

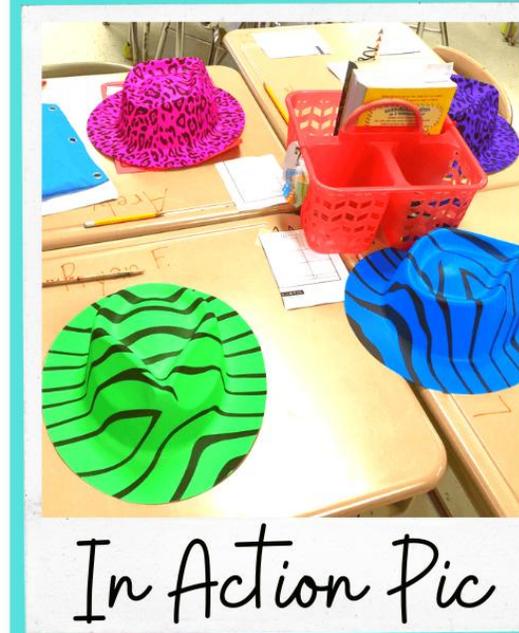

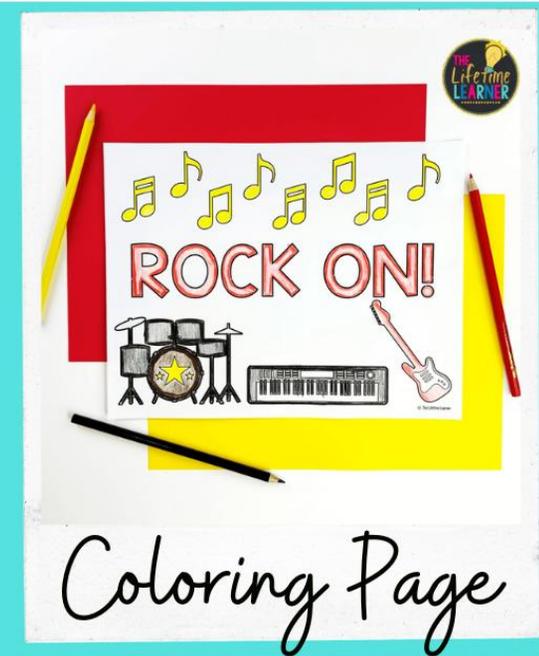

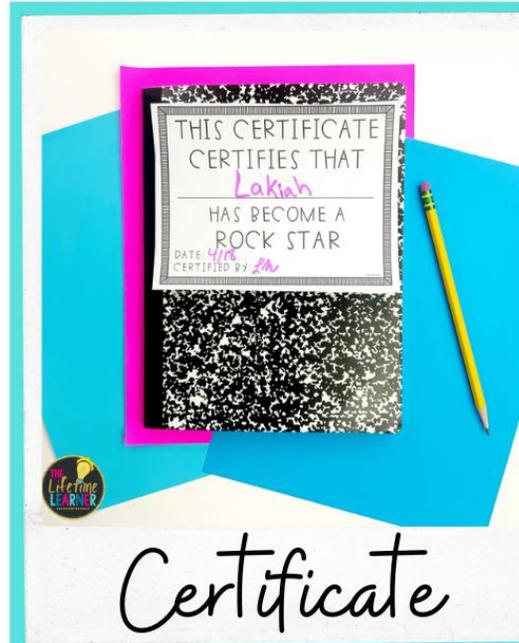

STEP 3:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

STEP 4:

Most of the time, there are early finishers. These kiddos get to go around the room and read fun facts about the topic! No one is ever bored.

Choose from 3 versions!

1 Digital Scavenger Hunt

Let students "find" the facts on Google Slides

2 Printable Facts

Hang facts around room

3 QR Codes

Students scan to read fun facts

THE CONTENT:

10 themed math challenges aligned to math standards

SCARLET'S CHALLENGE

Measure how long each item is to the nearest half inch.

A ruler with markings from 1 to 12 inches. Below the ruler are four items to be measured: a speaker, a keyboard, a guitar, and a drum set. A small cartoon girl is standing next to the ruler.

OWEN'S CHALLENGE

Use the key to color in the drums.

Key:
Red: 20
Orange: 19
Yellow: 18
Green: 17
Blue: 16
Pink: 15
Purple: 14

A drum set with various math problems on the drums and cymbals. The cymbals have problems: $8+11$, $9+9$, $18+2$, and $3+12$. The drums have problems: $10+10$, $10+7$, $12+7$, $2+12$, $4+13$, $7+7$, $4+12$, $3+13$, $14+5$, $9+6$, $4+14$, $13+7$, $6+10$, $9+8$, $12+5$, $13+5$, $9+11$, $8+7$, $9+5$, and $9+7$. A small cartoon boy is standing next to the drum set.

MARLEY'S CHALLENGE

Which rock star has the correct answer to each equation?
Circle the right answer.

Which rock star has the highest number?

$22+33$ $58+11$ $34+45$

Which rock star has the smallest number?

$75-24$ $89-36$ $92-61$

Which rock stars are equal?

$95-35$ $18+41$ $35+25$

Which rock star has less than 50?

$66-15$ $29+20$ $82-32$

Which rock star has more than 80?

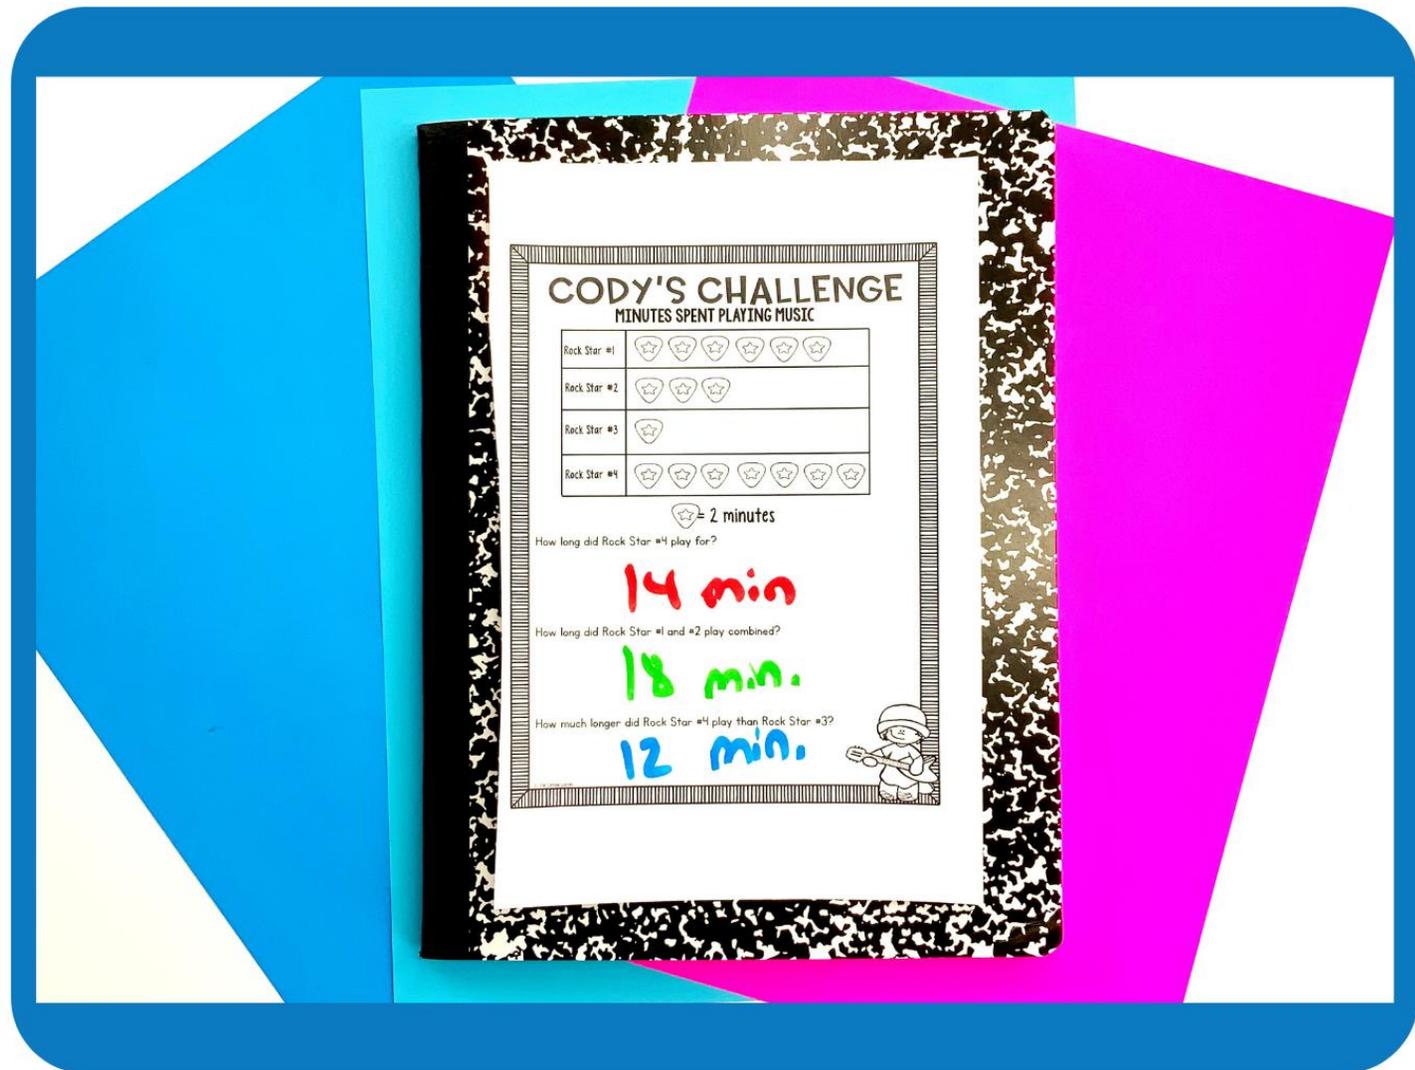

$85-10$ $34+10$ $47-10$

A grid of math problems with cartoon rock stars. Each problem is accompanied by a small cartoon rock star holding a guitar.

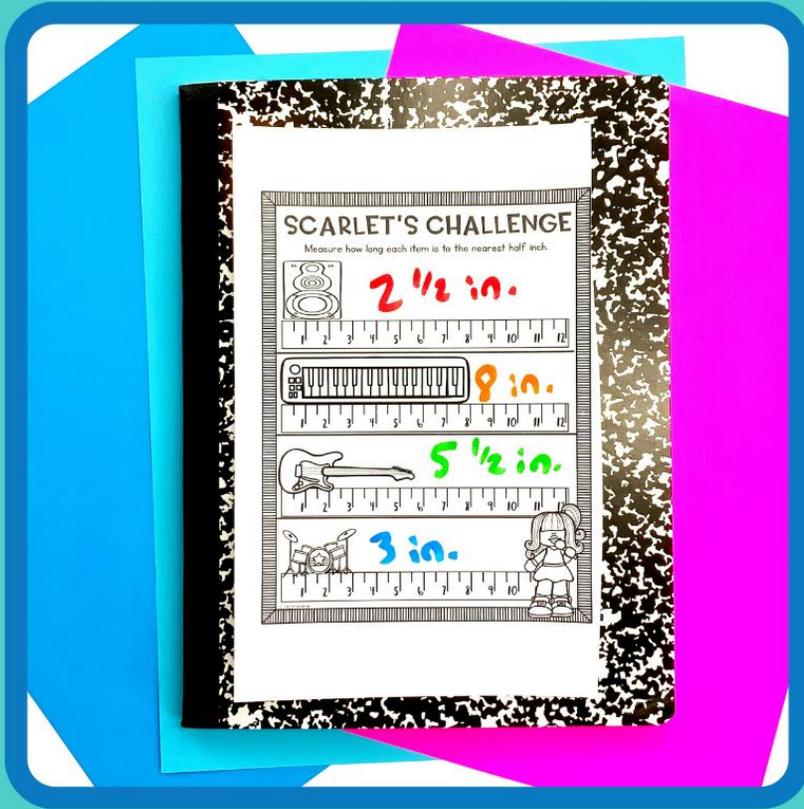

HOW TO USE THIS:

Ideas for Implementation:

- pick and choose the centers you want to use: do what works best for your class!
- you can have students work individually, in partners, or small groups--any way works!
- give students 1-2 hours to complete all 10 activities
- give less than 10 challenges to students if you are short on time
- OR spread the room transformation out over a couple of days

that works best for you!

Every activity relates to real-life mathematics!

MARMIE'S CHALLENGE

37 people said they would come to the concert on Saturday. That amount of people said they were coming to the concert on Sunday. How many people are coming to the concert in all?

MARLEY'S CHALLENGE

Which rock star has the correct answer to each equation?

Circle the right answer.

Which rock star has the highest number?
 $22+33$  $58+11$  $34+45$ 

MERYL'S CHALLENGE

Match the microphones that go together the same color.

753 653-100

CODY'S CHALLENGE

MINUTES SPENT PLAYING MUSIC

Rock Star #1     

JASON'S CHALLENGE

You are keeping track of how many people show up to the show each night. Write 2 equations showing the people using repeated addition.

Equation #1:

Equation #1:

Equation #2:

MERENCIJA'S CHALLENGE

Meryl plays her guitar at all times of the day. Fill in the clock by drawing the hands to show what times she plays today.

SCARLET'S CHALLENGE

Measure how long each item is to the nearest inch.

DONNA'S CHALLENGE

Draw a line from each equation to the star it belongs to. If the symbol is correct, draw a line to the happy star. If the answer is incorrect, draw a line to the unhappy star and fix the symbol.

$452 > 455$

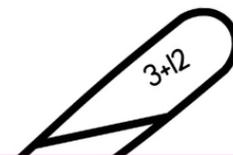

$281 < 282$

$773 < 375$

OWEN'S CHALLENGE

Use the key to color in the drums.

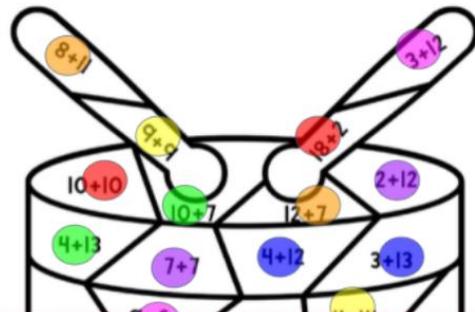

Key:
Red: 20
Orange: 19
Yellow: 18
Green: 17
Blue: 16
Pink: 15
Purple: 14

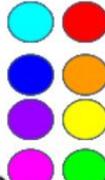

focuses on:
reviewing a variety of
2nd grade math skills

OWEN'S CHALLENGE

Use the key to color in the drums. Use the dots.

Key:
 Red: 20
 Orange: 19
 Yellow: 18
 Green: 17
 Blue: 16
 Pink: 15
 Purple: 14

Fun Facts

jam-packed with fun, rigor, and engagement!

other resources this pairs well with:

Differentiate by grabbing math for multiple grade levels!

Or, add in some reading to your themed learning day!

When you purchase a Mega Bundle, you save 50% off the price of the individual resources!

classroom transformations

low prep, fun, and engaging!

K-5 MATH & READING

THE LIFETIME LEARNER'S CLASSROOM TRANSFORMATIONS ARE:

1. Engaging to Students
2. Classroom Tested (and Student-Approved)
3. Print and Digital Compatible
4. Jam-Packed with Content
5. Aligned to Math Standards
6. Easy to Implement
7. Flexible for Every Classroom
8. Versatile Ways to Reward Students
9. Rigorous Student Learning Activities

All content is included so you can simply **print**
and get ready for an **AMAZING** experience
with your students!

Please Note:

- **There are 10 math challenges provided as well as décor, a fast finisher activity, and additional extras.**
- **The digital version is provided in Google Slides.**
- **Nervous about trying your first room transformation? You'll be hooked once you try one! I promise!**
- **Feel free to contact me if you have questions or want to chat about room transformations. You can email me at lindsaythelifetimelearner@gmail.com**
