

WHAT IS THIS?

It's a low-prep room transformation!

Use the 10 math challenges, included decor, and more for a fun & easy room transformation!

Simply print the academic challenges, put up a few included decor items, and you're ready for a great day!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

Let's start with the basics...

What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

STEP 1:

Tell your class they are royalty today!

They will practice telling time to the 5 minute in activities set up around the room. You can do this for a day, a few days, or over the course of a week!

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

Flexibility is key.

Need to modify? No problem!
Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

STEP 2:

Let students move around the room and complete each center. They can be completed in any order. All centers include practicing telling time to the 5 minute.

Optional Recording Sheet

When a student finishes a center, you sign that spot on their recording sheet to keep track of what they've completed.

Freedom to choose.

Students can work in partners, rotations, groups, or independently. Your choice!

STEP 3:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

STEP 4:

Most of the time, there are early finishers. These kiddos get to go around the room and read fun facts about the topic! No one is ever bored.

Choose from 3 versions!

1 Digital Scavenger Hunt

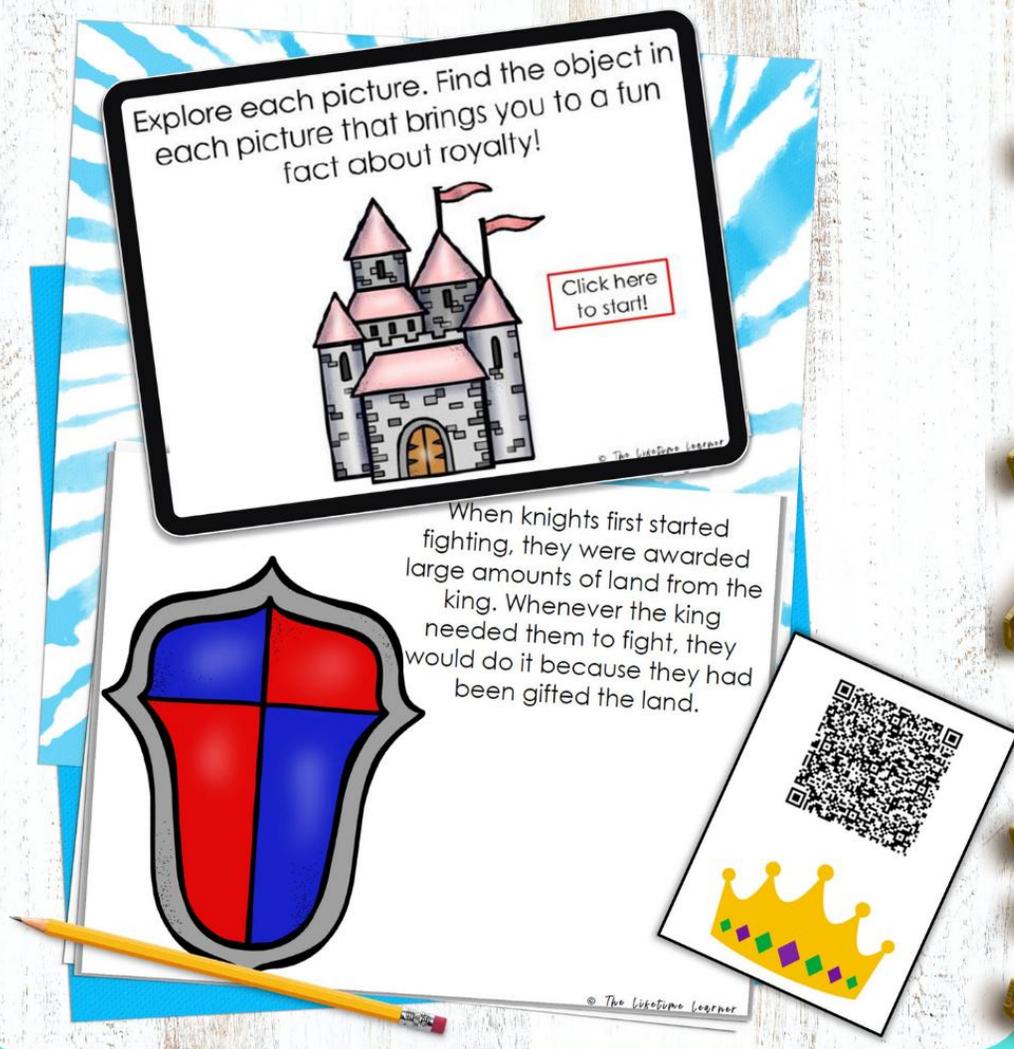

Let students "find" the facts on Google Slides

2 Printable Facts

Hang facts around room

3 QR Codes

Students scan to read fun facts

THE CONTENT:

10 themed math challenges aligned to math standards

BEDROOM

When you live in a royal palace, you have to get up early to get everything done. Tell what time you complete each task on the clocks below.

 Wake Up	 Get Dressed
 Brush Teeth	 Floss
 Brush Hair	 Leave Room

QUEEN

You see the queen around the palace. She tells you that she's pretty busy and lists her schedule. Color the clocks based on what she says.

 I greet guests to the kingdom at 9:00. Color that clock red.	 I eat lunch each day exactly at midday. Color that clock orange.
 I eat breakfast at 7 in the morning. Color that clock yellow.	 I meet with important ambassadors from around the world at 4:00. Color that clock green.
 I talk with my husband, the king, at 8 every night. Color that clock blue.	 I wake up each day at 6. Color that clock purple.
 I got to bed at 11:00 at night. Color that clock pink.	 I am in business meetings at 10:00 each day. Color that clock brown.

DUNGEON

You walk by the dungeon 6 times during the day. What are the times you walk by the dungeon?

HOW TO USE THIS:

Ideas for Implementation:

- pick and choose the centers you want to use: do what works best for your class!
- you can have students work individually, in partners, or small groups--any way works!
- give students 1-2 hours to complete all 10 activities
- give less than 10 challenges to students if you are short on time
- OR spread the room transformation out over a couple of days

Every activity relates to real-life mathematics!

SCHOOL

Even member of the royal court have to go to school. When you're at school, you keep looking at the clock. Show how you look up on the clock.

KNIGHT

The knight guards different parts of the castle each day. Draw the hands on the clock correctly to show each time.

DUNGEON

The knight goes to the dungeon 6 times during the day. What are the times? Draw the hands on the clock to show the time by the dungeon?

QUEEN

LUNCH

Cut on the line below and cut out each label below and glue it on the correct spot it belongs on the clock.

HORSE PASTURE

The knight goes riding at a different time. Tell if you go riding AM or the PM.

BEDROOM

When you live in a royal palace, you have a lot of things to do to get everything done. Tell what time you do each task on the clocks below.

Wake Up

Brush Teeth

PRINCE

The prince shows you what time he does his daily activities. However, he isn't very good at telling time yet. Tell if he wrote the correct time or not. If not, write the correct time.

I wake up at 5:15 each morning.

I got to school at 8:05 each day.

PRINCESS

The prince invite over only knows how to read digital clocks. Show how to read each digital clock to each analog clock. Show the time by coloring each hour hand red and each minute hand blue.

focuses on:
telling time
to the 5 minute

LUNCH CHALLENGE

Help the woman making lunch put the times on the clock where they belong.

HORSE PASTURE CHALLENGE

Each day, you go riding at a different time. Tell if you go riding each day in the AM or the PM.

On Monday, I go riding right before I put on pajamas.

PM

On Friday, I go riding during dinner.

PM

AM

PM

On Tuesday, I go riding at midnight!

AM

On Saturday, I go riding a few hours before lunch.

AM

On Wednesday, I see a school bus while I'm out riding my horse.

AM

On Sunday, I go riding at 8. It's late so I yawn.

PM

PRINCE CHALLENGE

Choose 2 words to fill in the blanks.

big **tall** **heavy**
small **short** **light**

The car is **short**

and **heavy**

The ball is

PRINCE CHALLENGE

The prince shows you what time he does his daily activities. However, he isn't very good at telling time yet. Drag true or false over to each box. If it's false, also write the correct time.

True **False**
