

WHAT IS THIS?

It's a low-prep room transformation!

Use the 10 math challenges, included decor, and more for a fun & easy room transformation!

Simply print the academic challenges, put up a few included decor items, and you're ready for a great day!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

Let's start with the basics...

What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

STEP 1:

Tell your class it is
Halloween today!

They will practice reviewing third grade math standards in activities set up around the room. You can do this for a day, a few days, or over the course of a week!

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

Flexibility is key.

Need to modify? No problem!
Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

STEP 2:

Let students move around the room and complete each center. They can be completed in any order. All centers include reviewing third grade math standards.

Optional Recording Sheet

When a student finishes a center, you sign that spot on their recording sheet to keep track of what they've completed.

Freedom to choose.

Students can work in partners, rotations, groups, or independently. Your choice!

STEP 3:

This part is optional but SO MUCH FUN!

After students complete each center, I have them pull out a chance card.

If the card says "Trick", they put their hand in a Halloween "Trick Bag".

If the card says "Treat", they get a piece of candy.

What's in the Trick Bags?

There are things like marshmallows (ghost poop), carrots (monster toes), and a glove filled of flour (Frankenstein's hand). The resource includes ten bag labels and a shopping list of exactly what you'll need to fill them up.

Chance Card

"Treat"

Trick Bag

Trick Bag

STEP 4:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

STEP 5:

Most of the time, there are early finishers. These kiddos get to go around the room and read fun facts about the topic! No one is ever bored.

Choose from 3 versions!

Digital Scavenger Hunt

Let students "find" the facts on Google Slides

THE CONTENT:

10 themed math challenges aligned to math standards

MUMMY

Find the missing number in each equation below.

$$_ = 7 \times 6$$

$$_ \times 9 = 9$$

$$2 \times _ = 8$$

$$5 \times 0 = _$$

$$_ \times 9 = 54$$

$$_ = 9 \times 8$$

$$4 \times _ = 20$$

$$3 \times _ = 21$$

FRANKIE

Write the answer to each subtraction equation on each Frankenstein's hair.

$$\begin{array}{r} 943 \\ - 279 \\ \hline \end{array}$$

$$\begin{array}{r} 500 \\ - 104 \\ \hline \end{array}$$

$$\begin{array}{r} 754 \\ - 325 \\ \hline \end{array}$$

$$\begin{array}{r} 696 \\ - 408 \\ \hline \end{array}$$

WITCH

Solve each multiplication fact on the hat and color it in based on the key below.

Red: 18
Orange: 24
Yellow: 36
Light Green: 30
Dark Green: 8
Light Blue: 48
Dark Blue: 40
Purple: 9
Pink: 12

HOW TO USE THIS:

Ideas for Implementation:

- pick and choose the centers you want to use: do what works best for your class!
- you can have students work individually, in partners, or small groups--any way works!
- give students 1-2 hours to complete all 10 activities
- give less than 10 challenges to students if you are short on time
- OR spread the room transformation out over a couple of days

Google Slides

Choose the format
that works best for you!

Every activity relates to real-life mathematics!

ZOMBIE

Draw a place value drawing to solve each equation.

$80 \times 6 =$

PUMPKIN

There are 924 pumpkins in the pumpkin patch. Someone comes along and buys 333 of them. How many pumpkins remain?

SPIDER

Solve the problem below. Show your work.

Each spider has 8 legs. How many legs do the spiders have?

VAMPIRE

Draw a line from each equation to the vampire whose answer is correct. If the answer is correct, draw a line to the vampire. If the answer is incorrect, draw a line to the vampire.

FRANKIE

Write the answer to each subtraction equation on each Frankenstein's hair.

SKELETON

Write the number of bones each skeleton has to the nearest ten.

I have 777 bones.

GHOST

Round each ghost to the nearest hundred. Write the number you round to. Use the example done for you as an example.

457

500

288

849

850

961

WITCH

Solve each multiplication fact on the hat and color it in based on the key below.

Red: 18
Orange: 24
Yellow: 36
Light Green: 30
Dark Green: 8
Light Blue: 48
Dark Blue: 40
Purple: 9
Pink: 12

MUMMY

Write the missing number in each equation below.

focuses on:
reviewing 3rd grade
math standards

GHOST

457 288 303
500 300 300

849 850
800 900

961 720 29

Round each ghost to the nearest hundred. The first has been done for you as an example.

WITCH

Solve each multiplication fact on the hat and color it in based on the key below.

- Red: 18
- Orange: 24
- Yellow: 36
- Light Green: 30
- Dark Green: 8
- Light Blue: 48
- Dark Blue: 40
- Purple: 9
- Pink: 12

3x12 3x3
2x4 3x4
10x4 6x5
6x8 2x9 4x6

VAMPIRE

Draw a line from each equation to the vampire it belongs to. If the answer is correct, draw a line to the happy vampire. If the answer is incorrect, draw a line to the unhappy vampire.

324+473=797

455+841=1196

304+920=1224

338+199=437

FRANKIE

Write the answer to each subtraction equation on each Frankenstein's hair.

943
- 279
6 6 4

500
- 104
3 9 6

low prep, fun, and engaging!

K-5 MATH & READING

THE LIFETIME LEARNER'S CLASSROOM TRANSFORMATIONS ARE:

1. Engaging to Students
2. Classroom Tested (and Student-Approved)
3. Print and Digital Compatible
4. Jam-Packed with Content
5. Aligned to Math Standards
6. Easy to Implement
7. Flexible for Every Classroom
8. Versatile Ways to Reward Students
9. Rigorous Student Learning Activities

All content is included so you can simply **print**
and get ready for an **AMAZING** experience
with your students!

Please Note:

- **There are 10 math challenges provided as well as décor, a fast finisher activity, and additional extras.**
- **The digital version is provided in Google Slides.**
- **Nervous about trying your first room transformation? You'll be hooked once you try one! I promise!**
- **Feel free to contact me if you have questions or want to chat about room transformations. You can email me at lindsaythelifetimelearner@gmail.com**
