

WHAT IS THIS?

It's a low-prep room transformation!

Use the 10 math challenges, included decor, and more for a fun & easy room transformation!

Simply print the academic challenges, put up a few included decor items, and you're ready for a great day!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

Let's start with the basics...

What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

STEP 1:

Tell your class they are leprechauns today!

They will practice a variety of 3rd grade math skills in activities set up around the room. You can do this for a day, a few days, or over the course of a week!

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

Flexibility is key.

Need to modify? No problem!
Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

STEP 2:

Let students move around the room and complete each center. They can be completed in any order. All centers include reviewing a variety of 3rd grade math skills.

Optional Recording Sheet

When a student finishes a center, you sign that spot on their recording sheet to keep track of what they've completed.

Freedom to choose.

Students can work in partners, rotations, groups, or independently. Your choice!

STEP 3:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

Prize

STEP 4:

Most of the time, there are early finishers. These kiddos get to go around the room and read fun facts about the topic! No one is ever bored.

Choose from 3 versions!

10 themed math challenges aligned to math standards

CLOVER'S CHALLENGE

Clover the third grader needs some help with her multiplication facts! Check the problems she has solved below.

If they are correct, put a checkmark.

If they are wrong, circle it and write the correct answer.

$8 \times 8 = 63$

$7 \times 6 = 24$

$4 \times 9 = 36$

$2 \times 8 = 16$

$4 \times 4 = 18$

$8 \times 3 = 24$

$6 \times 6 = 66$

$7 \times 11 = 77$

$5 \times 7 = 57$

$10 \times 9 = 90$

$11 \times 4 = 14$

$8 \times 0 = 0$

$9 \times 6 = 63$

$2 \times 6 = 12$

$8 \times 7 = 65$

$5 \times 3 = 15$

$4 \times 7 = 28$

$9 \times 9 = 91$

$12 \times 11 = 123$

$6 \times 8 = 48$

GREENY'S CHALLENGE

Mr. Leprechaun plans to put out all of the following flags to celebrate his Irish heritage at the family reunion. He needs to know the area of each one to know how much space he needs. Help him out!

RAINBOW'S CHALLENGE

Rainbow loves finding pots of gold! There is a fraction on each pot of gold. This shows how full the pot of gold is. Identify each fraction below.

HOW TO USE THIS:

Ideas for Implementation:

- pick and choose the centers you want to use: do what works best for your class!
- you can have students work individually, in partners, or small groups--any way works!
- give students 1-2 hours to complete all 10 activities
- give less than 10 challenges to students if you are short on time
- OR spread the room transformation out over a couple of days

LUCKY'S CHALLENGE

Lenny doesn't know how to add yet so he needs your help! Add each of the following coins to see how much gold he has.

focuses on:
reviewing a variety of
3rd grade math skills

LUCKY'S CHALLENGE

Lucky the baby doesn't know how to add yet so he needs your help!

Assist him in adding each of the coins to see how much gold he has in all.

GOLDIE'S CHALLENGE

Goldie needs help solving the following equations. Help her by drawing a line from each equation to the correct clover.

3 x = 12

3 = 15 ÷

7 = + 7

= 8 x 8

x 9 = 18

9 = ÷ 3

THE LIFETIME LEARNER'S CLASSROOM TRANSFORMATIONS ARE:

1. Engaging to Students
2. Classroom Tested (and Student-Approved)
3. Print and Digital Compatible
4. Jam-Packed with Content
5. Aligned to Math Standards
6. Easy to Implement
7. Flexible for Every Classroom
8. Versatile Ways to Reward Students
9. Rigorous Student Learning Activities

All content is included so you can simply **print**
and get ready for an **AMAZING** experience
with your students!

Please Note:

- **There are 10 math challenges provided as well as décor, a fast finisher activity, and additional extras.**
- **The digital version is provided in Google Slides.**
- **Nervous about trying your first room transformation? You'll be hooked once you try one! I promise!**
- **Feel free to contact me if you have questions or want to chat about room transformations. You can email me at lindsaythelifetimelearner@gmail.com**
