

# WHAT IS THIS?

It's a low-prep room transformation!

Use the 10 math challenges, included decor, and more for a fun & easy room transformation!

Simply print the academic challenges, put up a few included decor items, and you're ready for a great day!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

# Let's start with the basics...

## What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

# STEP 1:

Tell your class it is  
Halloween today!

They will practice reviewing fourth grade math standards in activities set up around the room. You can do this for a day, a few days, or over the course of a week!

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

Flexibility is key.

Need to modify? No problem!  
Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

# STEP 2:

Let students move around the room and complete each center. They can be completed in any order. All centers include reviewing fourth grade math standards.

## Optional Recording Sheet

When a student finishes a center, you sign that spot on their recording sheet to keep track of what they've completed.

## Freedom to choose.

Students can work in partners, rotations, groups, or independently. Your choice!

**THE HAUNTED HOUSE**  
Put a check next to each character once you've completed that challenge!

	<input type="checkbox"/>		<input type="checkbox"/>
	<input type="checkbox"/>		<input type="checkbox"/>
	<input type="checkbox"/>		<input type="checkbox"/>
	<input type="checkbox"/>		<input checked="" type="checkbox"/>
	<input type="checkbox"/>		<input type="checkbox"/>

**FRANKIE**  
Write the answer to each subtraction equation on each Frankenstein's hair.

$\begin{array}{r} 84,113 \\ - 48,322 \\ \hline 27,109 \end{array}$	$\begin{array}{r} 23,329 \\ - 88,000 \\ \hline 67,214 \end{array}$	$\begin{array}{r} 23,329 \\ - 88,000 \\ \hline 14,804 \end{array}$	$\begin{array}{r} 35,196 \\ - 14,804 \\ \hline 35,196 \end{array}$
$\begin{array}{r} 75,414 \\ - 32,535 \\ \hline 42,576 \end{array}$	$\begin{array}{r} 69,416 \\ - 40,298 \\ \hline 29,198 \end{array}$	$\begin{array}{r} 313 \\ - 69,416 \\ \hline 40,298 \end{array}$	$\begin{array}{r} 313 \\ - 40,298 \\ \hline 29,198 \end{array}$

# STEP 3:

This part is optional but SO MUCH FUN!

After students complete each center, I have them pull out a chance card.

If the card says "Trick", they put their hand in a Halloween "Trick Bag".

If the card says "Treat", they get a piece of candy.

## What's in the Trick Bags?

There are things like marshmallows (ghost poop), carrots (monster toes), and a glove filled of flour (Frankenstein's hand). The resource includes ten bag labels and a shopping list of exactly what you'll need to fill them up.

Chance Card

"Treat"

Trick Bag

Trick Bag

# STEP 4:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

## Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

Certificate

Coloring Page

In Action Pic

Prize

# STEP 5:

Most of the time, there are early finishers. These kiddos get to go around the room and read fun facts about the topic! No one is ever bored.

## Choose from 3 versions!

### Digital Scavenger Hunt

*Let students "find" the facts on Google Slides*

### Printable Facts

*Hang facts around room*

### QR Codes

*Students scan to read fun facts*

# THE CONTENT:

10 themed math challenges  
aligned to math standards

## FRANKIE

Write the answer to each subtraction equation on each Frankenstein's hair.

## MUMMY

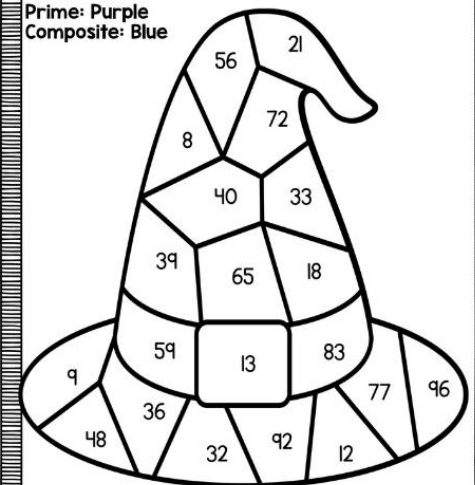

Color each pair of zombie heads that go together the same color.

## WITCH

Color in the witch hat based on the key below.

Prime: Purple  
Composite: Blue

# HOW TO USE THIS:

## Ideas for Implementation:

- pick and choose the centers you want to use: do what works best for your class!
- you can have students work individually, in partners, or small groups--any way works!
- give students 1-2 hours to complete all 10 activities
- give less than 10 challenges to students if you are short on time
- OR spread the room transformation out over a couple of days

# PRINT & DIGITAL

Google Slides

Choose the format  
that works best for you!

# Every activity relates to real-life mathematics!

## SKELETON

Answer each skeleton's question.

How many times larger is the area of the square than the area of the circle? What is the volume of the cube?

## ZOMBIE

Uh oh! It looks like the zombies ate the answers. Please tell what the answer is to each equation!

$824 \times 6$

## MUMMY

Color each pair of zombie heads that go together the same color.

$$864 \div 9$$

22

## MONSTER

Write each number in word form and expanded form.

## VAMPIRE

Draw a line from each equation to the vampire whose answer is correct. If the answer is correct, draw a line to the vampire whose answer is correct, draw a line to the vampire whose answer is correct.

## SPIDER

Solve the word problem below. Show your work.

Each spider has 8 legs. How many legs do the spiders have?

## FRANKIE

Write the answer to each subtraction problem. Frankenstein's hair.

$$\begin{array}{r} 94,323 \\ - 27,109 \\ \hline \end{array}$$

## GHOST

Round each ghost to the nearest ten thousand.

45,723

28,888

30,423

81,049

75,190

## WITCH

Color the witch hat based on the key below.

Red  
Blue

56

21

**focuses on:**  
reviewing 4th grade  
math standards

# GHOST

45,723  
28,888  
30,423

50,000  
30,000  
30,000

81,049  
75,190

80,000  
80,000

9,061  
12,720  
23,000

Round each ghost to the nearest ten thousand.

# WITCH

Color in the witch hat based on the key below.

Prime: Purple  
Composite: Blue

56  
21  
8  
72  
40  
33  
39  
65  
18

# VAMPIRE

Draw a line from each equation to the vampire it belongs to. If the answer is correct, draw a line to the happy vampire. If the answer is incorrect, draw a line to the unhappy vampire.

$32,124 + 40,573 = 72,697$

$45,555 + 84,222 = 119,777$

$30,974 + 92,300 = 123,274$

$33,398 + 19,119 = 52,517$

# FRANKIE

Write the answer to each subtraction equation on each Frankenstein's hair.

$94,323 - 27,109$   
6 7 2 1 4

$50,000 - 14,804$   
3 5 1 9 6
