

WHAT IS THIS?

It's a low-prep room transformation!

Use the 10 math challenges, included decor, and more for a fun & easy room transformation!

Simply print the academic challenges, put up a few included decor items, and you're ready for a great day!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

Let's start with the basics...

What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

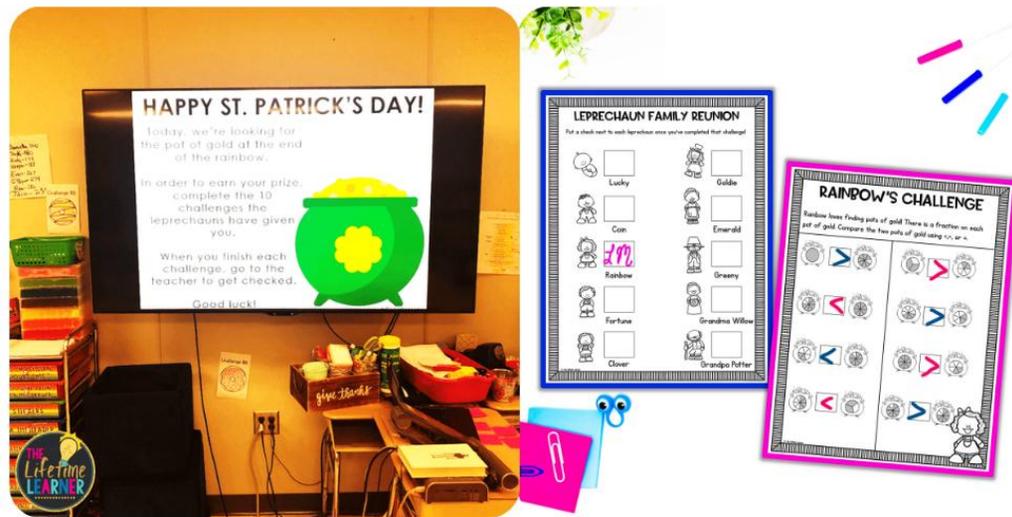

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

STEP 1:

Tell your class they are leprechauns today!

They will practice a variety of 4th grade math skills in activities set up around the room. You can do this for a day, a few days, or over the course of a week!

Flexibility is key.

Need to modify? No problem!
Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

STEP 2:

Let students move around the room and complete each center. They can be completed in any order. All centers include reviewing a variety of 4th grade math skills.

Optional Recording Sheet

When a student finishes a center, you sign that spot on their recording sheet to keep track of what they've completed.

Freedom to choose.

Students can work in partners, rotations, groups, or independently. Your choice!

STEP 3:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

Prize

STEP 4:

Most of the time, there are early finishers. These kiddos get to go around the room and read fun facts about the topic! No one is ever bored.

Choose from 3 versions!

1 Digital Scavenger Hunt

Let students "find" the facts on Google Slides

2 Printable Facts

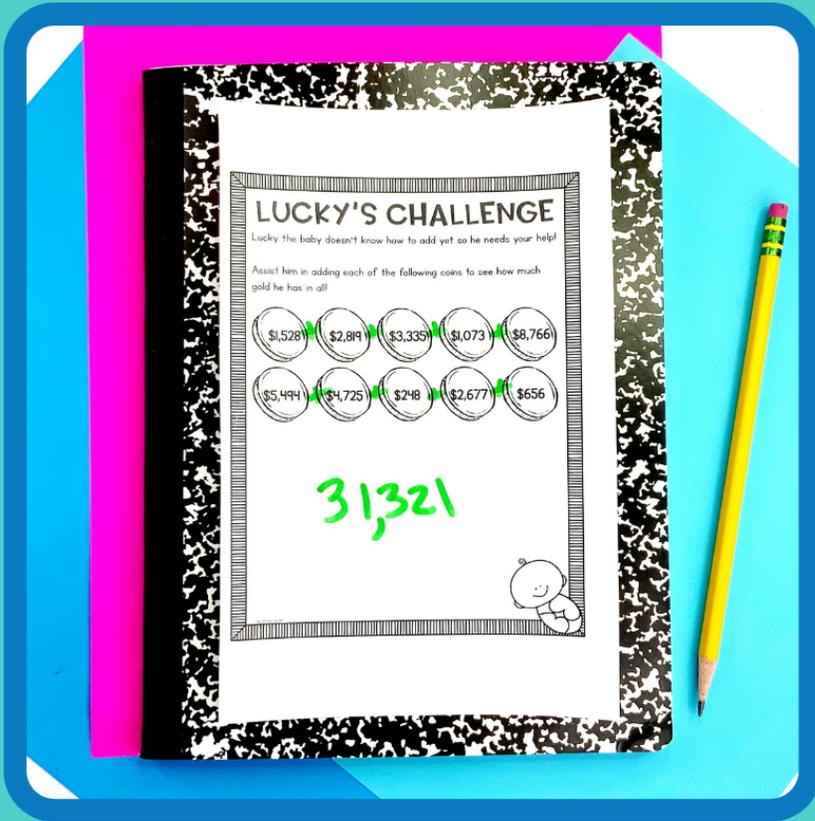

Hang facts around room

3 QR Codes

Students scan to read fun facts

that works best for you!

Every activity relates to real-life mathematics!

GREENY'S CHALLENGE

Mr. Leprechaun plans to put out all of the following flags to celebrate his Irish heritage at the family reunion. He needs to know how much space each one to know how much space he needs. Help him out!

GOLDIE'S CHALLENGE

Goldie needs your help to find all of the factor pairs for each number. Help her out below!

EMERALD'S CHALLENGE

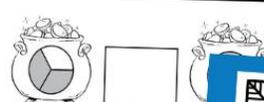

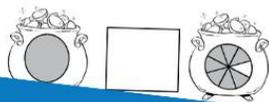

Emerald is baking 8 cakes. Each cake is 40 kilograms. How many grams is that total?

FORTUNE'S CHALLENGE

Fortune wants to hang up one of these Irish banners at the Leprechaun Family Reunion. How much bigger is the first banner than the second banner?

RAINBOW'S CHALLENGE

Rainbow loves finding pots of gold! There is a fraction on each pot of gold. Compare the two pots of gold using $<$, $>$, or $=$.

LEPRECHAUN'S CHALLENGE

Use the Leprechaun code above to solve each equation.
 $19 + \text{clover} = 46$ $\text{clover} = 75$ $\text{clover} = 83$ $\text{clover} = 37$

GRANDPA'S CHALLENGE

Grandpa has kept a log of the first time he did the following things. Round each age to the nearest hundred and tell about how old he was in each experience.

1. First time I found a 4 leaf clover: 19,
2. First time I got to the end of the rainbow: 2,162
3. First time I dressed up in green: 2,162
4. First time I found a pot of gold: 6,814
5. First time I got caught in a leprechaun trap: 736
6. First time I left Ireland: 736
7. First time I bought a pot of gold: 736

LUCKY'S CHALLENGE

Lucky the baby doesn't know how to add yet so he needs your help!

Assist him in adding each of the following coins to see how much gold he has in all!

GRANDMA'S CHALLENGE

Grandma needs help identifying the following clover leaves. Write the words that describe each of the shapes below.
