

WHAT IS THIS?

It's a low-prep room transformation!

Use the 10 math challenges, included decor, and more for a fun & easy room transformation!

Simply print the academic challenges, put up a few included decor items, and you're ready for a great day!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

Let's start with the basics...

What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

STEP 1:

Tell your class they are athletes today!

They will practice line plots in activities set up around the room. You can do this for a day, a few days, or over the course of a week!

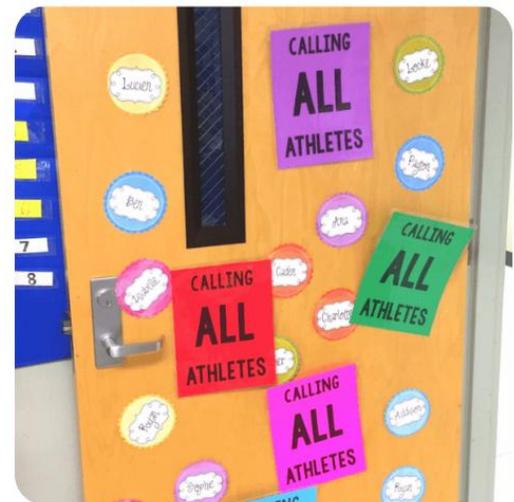

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

Flexibility is key.

Need to modify? No problem! Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

STEP 2:

Let students move around the room and complete each center. They can be completed in any order. All centers include practice with line plots.

Optional Recording Sheet

When a student finishes a center, you sign that spot on their recording sheet to keep track of what they've completed.

Freedom to choose.

Students can work in partners, rotations, groups, or independently. Your choice!

THE BIG GAME
Place a check next to each sport once you've completed each event.

	<input type="checkbox"/>		<input type="checkbox"/>
Bowling		Basketball	
	<input type="checkbox"/>		<input type="checkbox"/>
Volleyball		Tennis	
	<input type="checkbox"/>		<input type="checkbox"/>
Lacrosse		Soccer	
	<input type="checkbox"/>		<input type="checkbox"/>
Track		Baseball	
	<input checked="" type="checkbox"/>		<input type="checkbox"/>
Football		Hockey	

FOOTBALL
Plot the data on the line plot based the football throws.
Quarterback's Throwing Distance

Throw #1	Throw #2	Throw #3	Throw #4	Throw #5	Throw #6	Throw #7	Throw #8	Throw #9
70%	70%	70%	70 1/2	70%	70%	70%	70%	70 1/2
Throw #10	Throw #11	Throw #12	Throw #13	Throw #14	Throw #15	Throw #16	Throw #17	Throw #18
70%	70%	70%	71	70%	70%	70%	70%	71

STEP 3:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

Certificate

Coloring Page

In Action Pic

Prize

STEP 4:

Most of the time, there are early finishers. These kiddos get to go around the room and read fun facts about the topic! No one is ever bored.

Choose from 3 versions!

1 Digital Scavenger Hunt

Let students "find" the facts on Google Slides

2 Printable Facts

Hang facts around room

3 QR Codes

Students scan to read fun facts

HOW TO USE THIS:

Ideas for Implementation:

- pick and choose the centers you want to use: do what works best for your class!
- you can have students work individually, in partners, or small groups--any way works!
- give students 1-2 hours to complete all 10 activities
- give less than 10 challenges to students if you are short on time
- OR spread the room transformation out over a couple of days

HOCKEY

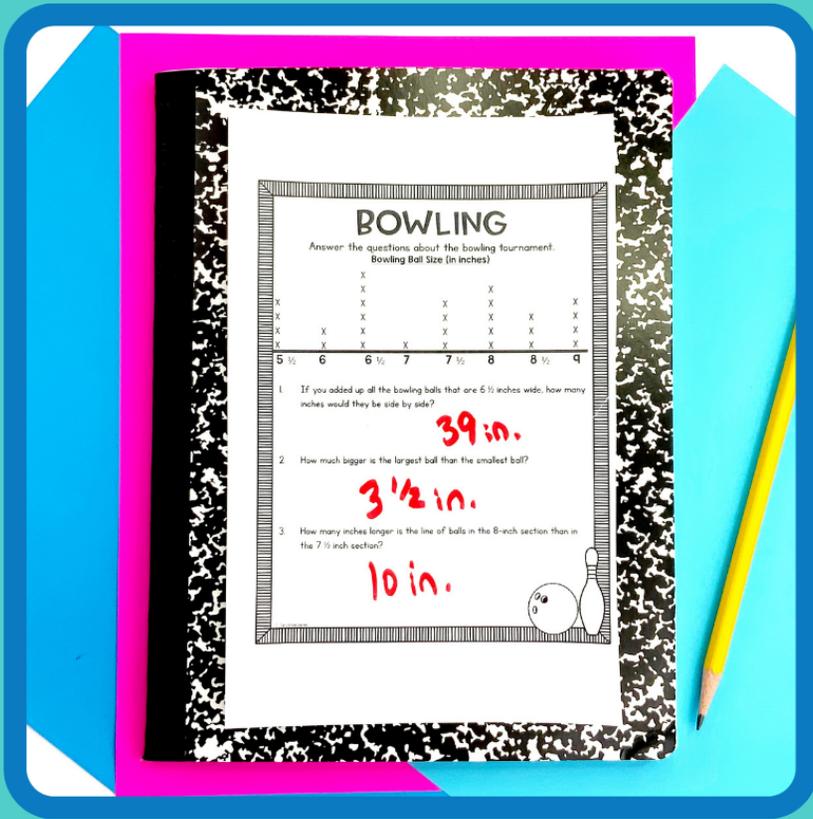

Answer the questions about the yards skated by the hockey players below.

X				X		
X				X	X	
X	X			X	X	
X	X		X	X	X	X
1/8	1/4	3/8	1/2	5/8	2/3	7/8
Yards						

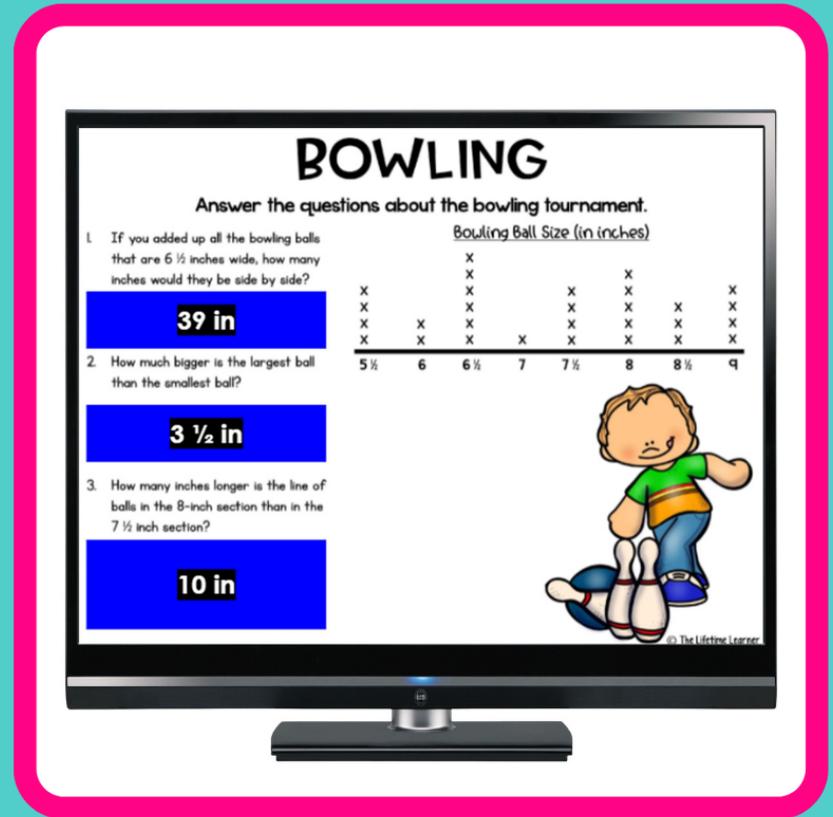

1. If you added up the total amount of yards skated in the $\frac{5}{8}$ section, how many yards would be skated in total?
2 1/2 yds.
2. How many more yards were skated in the total $\frac{5}{8}$ section than the total skated in the $\frac{3}{8}$ section?
2 yds
3. How many yards were skated in total, excluding any amount above or equal to the $\frac{5}{8}$ section?
1 1/2 yds

HOCKEY

Answer the questions about crazy hockey game below.

Points Scored During the Game

1. If you added up the total amount of yards skated in the $\frac{5}{8}$ section, how many yards would be skated in total?

2 1/2 yd

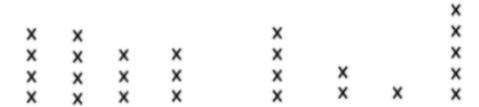

2. How many more yards were skated in the total $\frac{5}{8}$ section than the total skated in the $\frac{1}{8}$ section?

2 yd

VOLLEYBALL

Answer the questions about the volleyball tournament.

1. What is the total amount of feet the volleyballs traveled in the $9\frac{1}{2}$ feet section when added all together?

38 ft

2. What is the total length that volleyballs traveled in the $8\frac{1}{4}$ and $9\frac{1}{2}$ sections combined?

71 ft

BOWLING

Answer the questions about the bowling tournament.

Bowling Ball Size (in inches)

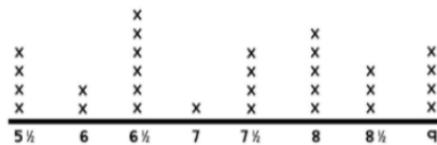

1. If you added up all the bowling balls that are $6\frac{1}{2}$ inches wide, how many inches would they be side by side?

39 in

2. How much bigger is the largest ball than the smallest ball?

3 1/2 in

3. How many inches longer is the line of balls in the 8-inch section than in the

TRACK

Answer the questions about the track team.

Miles Ran During Season

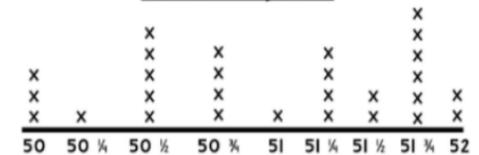

1. If you added up all the miles ran in the $50\frac{1}{2}$ section, how many miles were run in total?

252 1/2 miles

2. How many more miles are there total ran in the $51\frac{3}{4}$ miles section than the $50\frac{3}{4}$ miles section?

107 1/2 miles

3. How many total miles were ran
