

# WHAT IS THIS?

It's a low-prep room transformation!

Use the 10 math challenges, included decor, and more for a fun & easy room transformation!

Simply print the academic challenges, put up a few included decor items, and you're ready for a great day!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

# Let's start with the basics...

## What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

# STEP 1:

Tell your class they are leprechauns today!

They will practice a variety of 5th grade math skills in activities set up around the room. You can do this for a day, a few days, or over the course of a week!

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

Flexibility is key.

Need to modify? No problem!  
Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

# STEP 3:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

## Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

Certificate

Coloring Page

In Action Pic

Prize

# STEP 4:

Most of the time, there are early finishers. These kiddos get to go around the room and read fun facts about the topic! No one is ever bored.

## Choose from 3 versions!

### 1 Digital Scavenger Hunt

Let students "find" the facts on Google Slides

### 2 Printable Facts

Hang facts around room

### 3 QR Codes

Students scan to read fun facts

# THE CONTENT:

## 10 themed math challenges aligned to math standards

### FORTUNE'S CHALLENGE

Fortune cannot figure out which equations are right and wrong below. Color the correct pots green and the incorrect pots red. Write the correct answer next to the incorrect pots.

$7 \div \frac{2}{7} =$    $\frac{9}{0} \div 2 =$  

$5 \div \frac{1}{4} =$    $\frac{8}{8} \div 4 =$  

$8 \div \frac{3}{9} =$    $\frac{2}{3} \div 3 =$  

$\frac{4}{5} \div 10 =$    $6 \div \frac{9}{12} =$  

### CLOVER'S CHALLENGE

Clover the fifth grader needs your help coloring the clover below. Use the key below to color the clover squares based on the answer to each expression.

**Key:**  
Red: 2  
Orange: 3  
Yellow: 4  
Light Green: 5  
Dark Green: 6  
Blue: 7  
Purple: 8  
Pink: 9

### GOLDIE'S CHALLENGE

Goldie needs help writing the correct symbol on each clover. Write  $<$ ,  $>$ ,  $=$  inside each clover to compare the decimals.

26.2  62.6 six tenths  sixty hundredths

7.11  7.011 eight and nine hundredths  eight and nine tenths

9.45  84.5 two and four tenths  four and two hundredths

30  30.0 five hundredths  five

5.792  5.97

4.413  4.431

# HOW TO USE THIS:

## Ideas for Implementation:

- pick and choose the centers you want to use: do what works best for your class!
- you can have students work individually, in partners, or small groups--any way works!
- give students 1-2 hours to complete all 10 activities
- give less than 10 challenges to students if you are short on time
- OR spread the room transformation out over a couple of days

that works best for you!

# Every activity relates to real-life mathematics!

## GRANDPA'S CHALLENGE

Grandpa has kept a log of the first time he did things. Round each age to the nearest hundred. About how old he was in each experience?

1. First time I found a 4 leaf clover: 19968

## EMERALD'S CHALLENGE

Mrs. Leprechaun is baking 8 cakes. Each cake is 40 kilograms. How many grams is that total?

## LEPRECHAUN'S CHALLENGE

= 19 = 46 = 75 = 83 = 37

Use the Leprechaun code above to solve each equation.

## RAINBOW'S CHALLENGE

Rainbow found  $2\frac{3}{4}$  pots of gold on the east side of the river and  $1\frac{1}{2}$  pots of gold on the west side of the river. How much gold did she find in total?

## GOLDIE'S CHALLENGE

Goldie needs help writing the correct symbol on each clover. Write  $<$ ,  $>$ , or  $=$  inside each clover to compare the decimals.

26.2 62.6

six tenths

sixty hundredths

## LEPRECHAUN'S CHALLENGE

Place each clover shape where they belong on the hierarchy.

polygons

## FORTUNE'S CHALLENGE

Fortune cannot figure out which equations are right and write the correct pots green and the incorrect pots red. Write the correct answer next to each equation.

$7 \div \frac{2}{7} =$   $24\frac{1}{2}$   $\frac{9}{10} \div 2 =$

$5 \div \frac{1}{4} =$   $\frac{1}{20}$   $\frac{8}{8} \div 4 =$

$8 \div \frac{3}{9} =$   $24$   $\frac{2}{2} \div 3 =$

## CLOVER'S CHALLENGE

Clover the fifth grader needs your help coloring the clover below. Use the key below to color the clover squares based on the answer to each expression.

## GREENY'S CHALLENGE

Use your help solving each equation below. Help a fellow leprechaun!

=  $\frac{3}{4} \times 6 =$

**focuses on:**  
reviewing a variety of  
5th grade math skills

# LUCKY'S CHALLENGE

Lucky the baby doesn't know how to add yet so he needs your help!

Assist him in adding each of the following coins to see how much gold he has in all!

# GRANDMA'S CHALLENGE

Cut and glue the clover shapes where they belong on the hierarchy.

# GRANDPA'S CHALLENGE

Grandpa has kept a log of the first time he did many things. Round each age to the nearest hundredth to see about how old he was in each experience!
