

# WHAT IS THIS?

It's a low-prep room transformation!

Simply print the alphabet activities, put up a few included decor items, and you're ready for a great day!

This themed learning day has 10 centers that all give practice with letter M! You can use 1, 5, or all 10--it's flexible!

Room transformations can be stress-free and low-prep.

# Let's start with the basics...

## What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

# STEP 1:

Tell your class they are magicians today!

They will complete Letter M activities set up around the room. You can do this for a day, a few days, or over the course of a week!

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

Flexibility is key.

Need to modify? No problem!

Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

main idea.

DAY!

# STEP 2:

Let students move around the room and complete each center. You can assign rotations for the kids to move through, let students work at their own pace, or even complete activities as a whole group!

## Optional Recording Sheet

When a student finishes a center, you sign that spot on their recording sheet to keep track of what they've completed.

## Freedom to choose.

Students can work in partners, groups, or independently. Your choice!

# STEP 3:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is included for optional "extra" ideas you can implement (but not needed!).

## Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.
