

WHAT IS THIS?

It's a low-prep room transformation!

Use the 10 math challenges, included decor, and more for a fun & easy room transformation!

Simply print the academic challenges, put up a few included decor items, and you're ready for a great day!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

Let's start with the basics...

What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

STEP 1:

Tell your class they are **artists today!**

They will practice identifying 2D and 3D shapes in activities set up around the room. You can do this for a day, a few days, or over the course of a week!

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

Flexibility is key.

Need to modify? No problem!
Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

STEP 2:

Let students move around the room and complete each center. They can be completed in any order. All centers include practicing identifying 2D and 3D shapes.

Optional Recording Sheet

When a student finishes a center, you sign that spot on their recording sheet to keep track of what they've completed.

Freedom to choose.

Students can work in partners, rotations, groups, or independently. Your choice!

STEP 3:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

Prize

STEP 4:

Most of the time, there are early finishers. These kiddos get to go around the room and complete a write the room activity! No one is ever bored.

How to Use

Name: _____

FIND IT! WRITE IT!

A. 	F. 
B. 	G.  pink
C.  pink	H. 
E. 	J. 

B.   green red

D. 

Students write each word they find around the room.

How to Use

Name: _____

WRITE THE LETTER

Letter: 	Letter: 
Letter: 	Letter: 
B.  The jam is purple.	
Letter: 	Letter: 
Letter: 	Letter: 

C.  The frog is green.

G.  The bat is black. H.  can is gray.

Students find each card and write the correct letter on their recording sheet.

THE CONTENT:

10 themed math challenges
aligned to math standards

WHITE

Color the 2D shapes green.
Color the 3D shapes yellow.

BROWN

Circle the shape that is NOT 3D in each box.

PINK

Put a happy face on the 2D shape in each row.

HOW TO USE THIS:

Ideas for Implementation:

- pick and choose the centers you want to use: do what works best for your class!
- you can have students work individually, in partners, or small groups--any way works!
- give students 1-2 hours to complete all 10 activities
- give less than 10 challenges to students if you are short on time
- OR spread the room transformation out over a couple of days

that works best for you!

Every activity relates to real-life mathematics!

YELLOW

Write 2D or 3D in the blank.

GREEN

Color the art that is 3D.

PURPLE

Write 2D or 3D in the blank.

RED

Put a check or an X on each.

WHITE

Color the 2D shapes green.
Color the 3D shapes yellow.

ORANGE

Find the 3 shapes
that are in the wrong spot.
(Circle) them.

PINK

Put a happy face on the 2D shape.

BROWN

(Circle) the shape that is NOT 3D in each box.

BLACK

Put a face on the 3D shape in each row.

focuses on:
identifying
2D & 3D shapes

PURPLE CHALLENGE

Write 2D or 3D in the blank.

The rectangle is **2D**.

The cube is **3D**.

The cylinder is **3D**.

GREEN CHALLENGE

RED CHALLENGE

Put a check or an X on each word.

3D ✓	2D ✓
2D ✗	3D ✓

PINK CHALLENGE

Put a happy face on the 2D shape in each row.
