

# WHAT IS THIS?

It's a low-prep room transformation!

Use the 10 math challenges, included decor, and more for a fun & easy room transformation!

Simply print the academic challenges, put up a few included decor items, and you're ready for a great day!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

# Let's start with the basics...

## What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

# STEP 1:

Tell your class they are on a safari today!

They will practice classifying and counting objects in activities set up around the room. You can do this for a day, a few days, or over the course of a week!

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

Flexibility is key.

Need to modify? No problem!  
Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

# STEP 2:

Let students move around the room and complete each center. They can be completed in any order. All centers include practicing classifying and counting objects.

## Optional Recording Sheet

When a student finishes a center, you sign that spot on their recording sheet to keep track of what they've completed.

## Freedom to choose.

Students can work in partners, rotations, groups, or independently. Your choice!

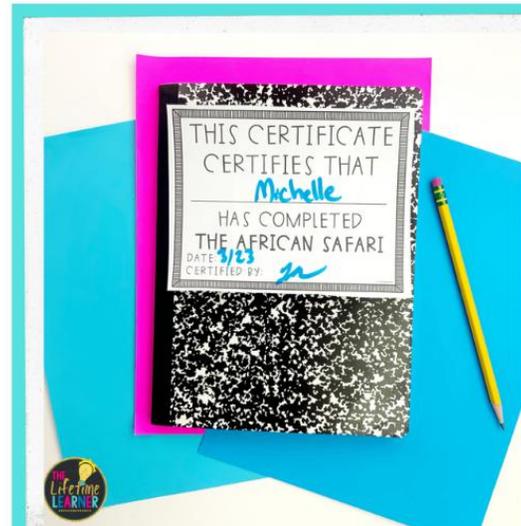

# STEP 3:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

## Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

Coloring Page

In Action Pic

Prize

# STEP 4:

Most of the time, there are early finishers. These kiddos get to go around the room and complete a write the room activity! No one is ever bored.

## How to Use

Name: \_\_\_\_\_

**FIND IT! WRITE IT!** <<<<

A. 		F. 	
B. 		G. 	hippo
C. 		H. 	
D. 		I. 	
E. 		J. 	

G.  hippo

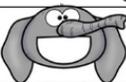

F.   elephant rhino

Students write each word they find around the room.

## How to Use

Name: \_\_\_\_\_

**WRITE THE LETTER** <<<<

Letter: <b>H</b>		Letter: _____	
Letter: _____		Letter: _____	
Letter: _____		Letter: _____	
Letter: _____		Letter: _____	
Letter: _____		Letter: _____	

H. She will eat the grass.

J. He will  F. He will eat two bites of meat.  E.  at the hot dog.

Students find each card and write the correct letter on their recording sheet.

Version 1:  
Words

Choose between  
2 versions!

Version 2:  
Read Sentences

# THE CONTENT:

10 themed math challenges  
aligned to math standards

**ZEBRA & LEOPARD CHALLENGE**

Color the meat eaters brown.      Color the plant eaters green.

How many meat eaters are there?      How many plant eaters are there?

**BLACK MAMBA CHALLENGE**

Color the animals with no legs green.      Color the animals with legs orange.

How many animals with no legs are there?      How many animals with legs are there?

**GIRAFFE CHALLENGE**

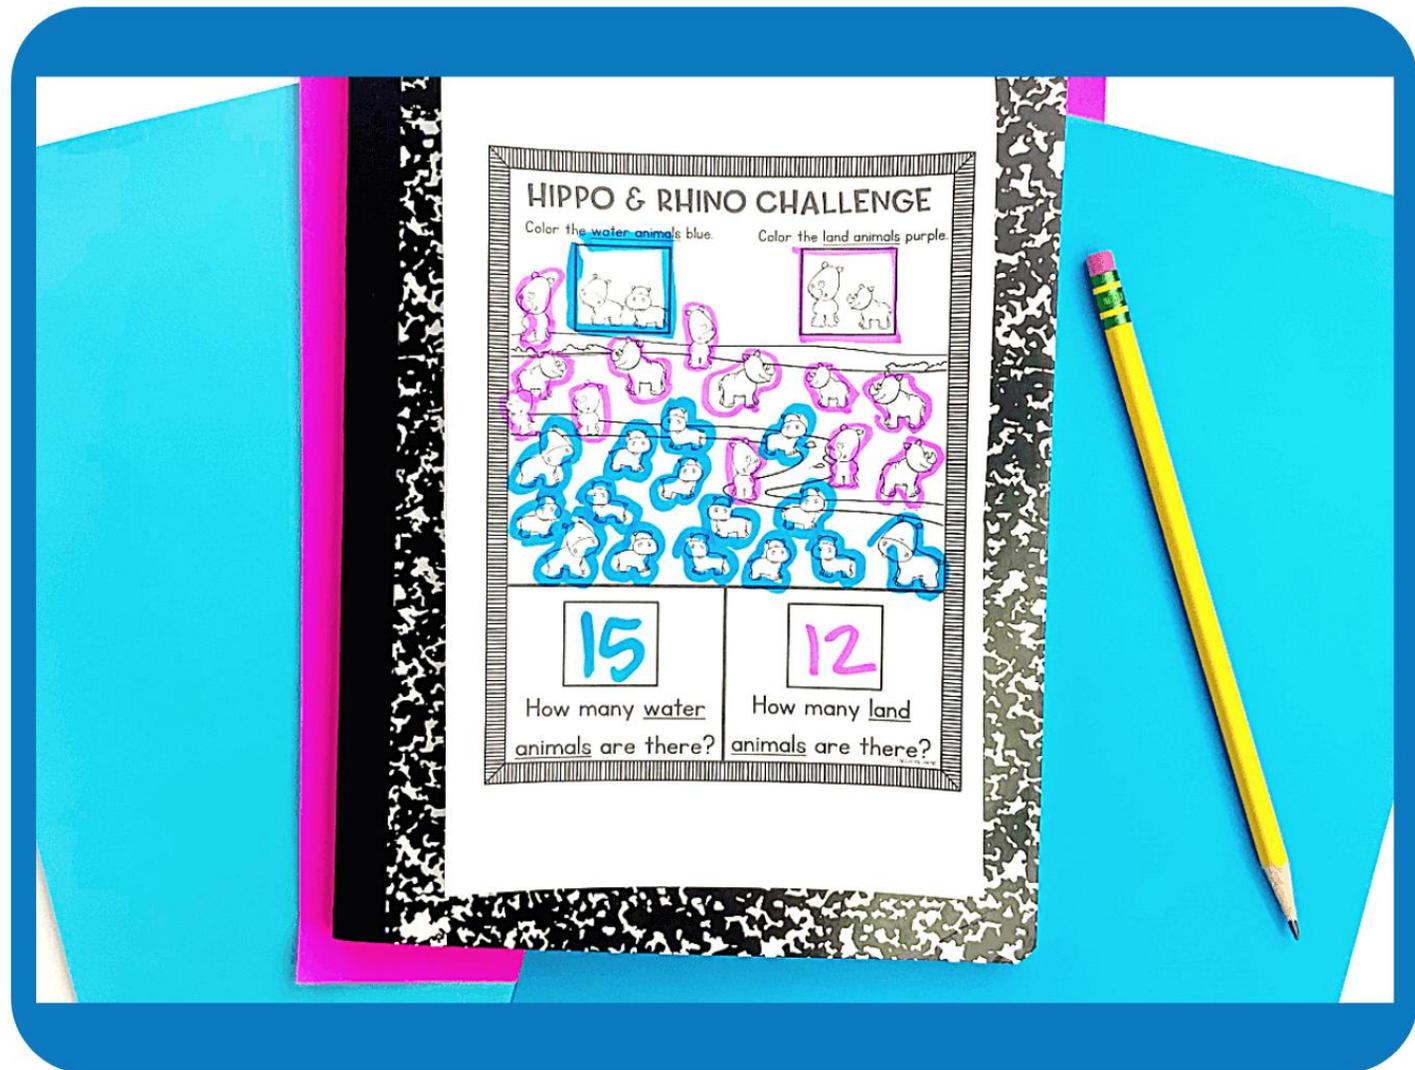

Color the tall animals yellow.      Color the short animals green.

How many tall animals are there?      How many short animals are there?

# HOW TO USE THIS:

## Ideas for Implementation:

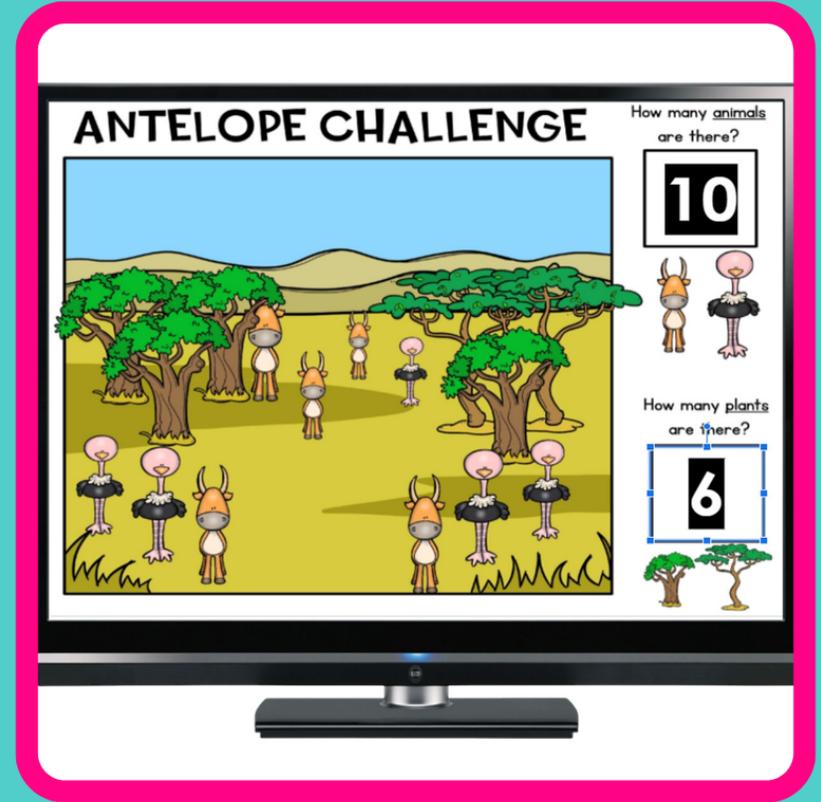

- pick and choose the centers you want to use: do what works best for your class!
- you can have students work individually, in partners, or small groups--any way works!
- give students 1-2 hours to complete all 10 activities
- give less than 10 challenges to students if you are short on time
- OR spread the room transformation out over a couple of days
