

# WHAT IS THIS?

It's a low-prep room transformation!

Simply print the 10 phonics activities, put up a few included decor items, and you're ready for a great day!

This themed learning day has 10 centers that all give phonics practice with S blends.

You can use 1, 5, or all 10--it's flexible!

Room transformations can be stress-free and low-prep.

Keep scrolling to learn how!

# Let's start with the basics...

## What is a classroom transformation?

A classroom transformation changes your room into a certain setting or theme to engage students in their own learning with rigorous content.

Donut Shop Day

Rock Star Day

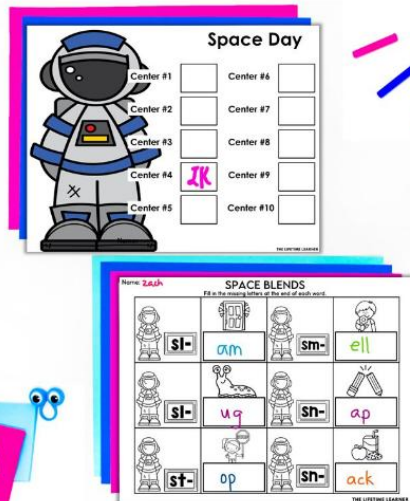

Camping Day

You don't have to spend hours of your time setting up a room transformation or spend lots of money to make it **SO MUCH FUN!**

# STEP 1:

Tell your class they are in space today!

They will complete S blends activities set up around the room. You can do this for a day, a few days, or over the course of a week!

Flexibility is key.

Need to modify? No problem!  
Choose how many centers students will need to complete and what time frame they have to meet YOUR needs.

Set-up is quick and easy.

Simply print the posters, 10 activities, and a recording sheet for each student. Place them around your room and you're ready to begin!

# STEP 2:

Let students move around the room and complete each center. They can be completed in any order. All centers include practice with S blends. Some centers also include phonemic awareness skills such as rhyming, identifying sounds, blending phonemes, phoneme addition/removal/substitution, and more!

## Optional Recording Sheet

When a student finishes a center, you sign that spot on their recording sheet to keep track of what they've completed.

## Freedom to choose.

Students can work in partners, rotations, groups, or independently. Your choice!

The image displays two educational worksheets. The top worksheet, titled "Space Day", features a cartoon astronaut on the left and a grid of ten boxes on the right, labeled "Center #1" through "Center #10". The "Center #4" box contains the letters "JK" in pink. The bottom worksheet, titled "SPACE BLENDS", is for a student named "Zach" and contains a 3x4 grid of word puzzles. Each puzzle consists of a small illustration and a word with a missing letter. The words are: "si- am", "sm- ell", "si- uq", "sn- ap", "st- op", and "sn- ack". The missing letters are filled in with various colors. The worksheets are set against a background of colorful arrows and paper clips.

# STEP 3:

When students finish all activities you've assigned, they win! You can give them the included certificate, coloring page, or a small prize of your choice.

A shopping guide is also included to give you suggestions of optional "extras" you could add in.

## Remember:

Anything different from a "normal" day in the classroom is special to students! A reward at the end isn't required during a classroom transformation.

# STEP 4:

Most of the time, there are early finishers. These kiddos get to go around the room and complete a write the room activity! No one is ever bored.

# THE CONTENT:

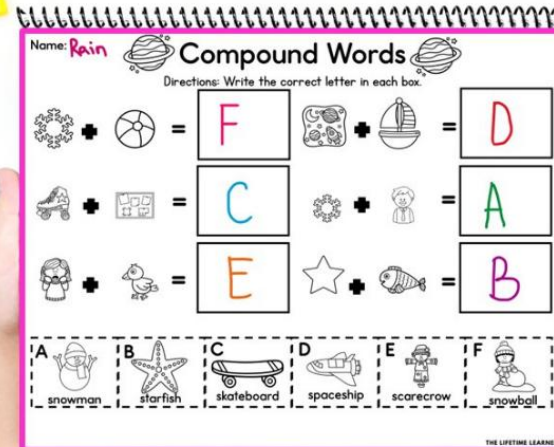

10 high-interest centers  
in 2 formats: hands-on & no prep!

## Hands-On Centers

You can use the "Hands-On" Centers where students can manipulate and move pieces around. These are easy to laminate and can be reused for years to come.

## No-Prep Printables

Or, you can use the "No-Prep Printables" where you simply print and go!

Some teachers use BOTH together!

# HOW TO USE THIS:

## Ideas for Implementation:

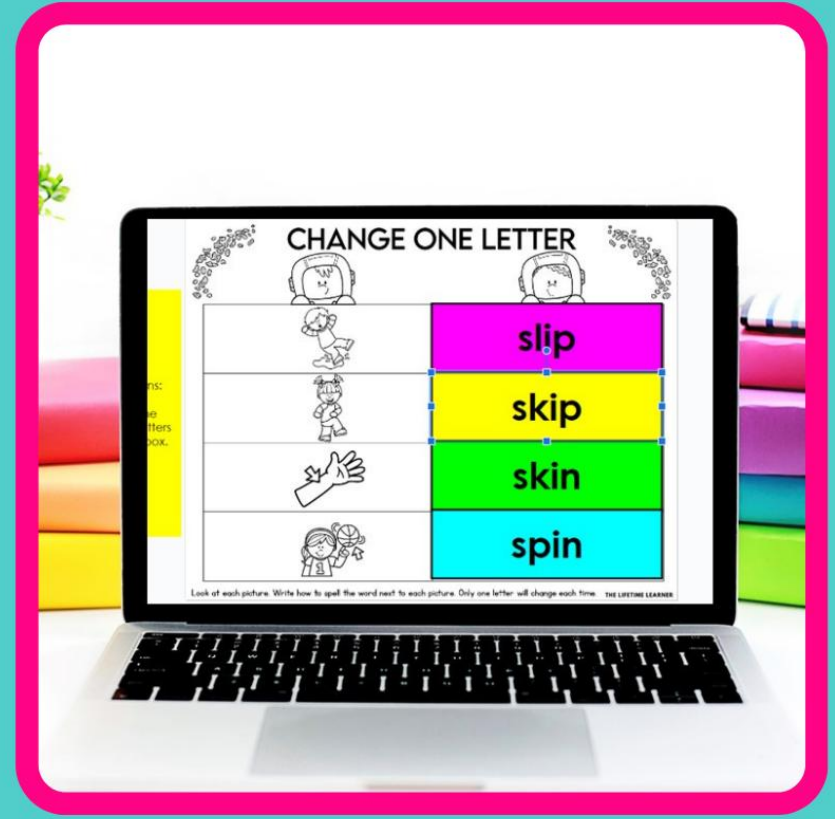

- pick and choose the centers you want to use: do what works best for your class!
- give less than 10 centers to students if you are short on time
- give students the whole day to complete all 10 centers/activities OR spread the room transformation out over a couple of days
- use the hands-on centers during your room transformation and the no-prep printables as a review during your reading block
