OTHER IDEAS

Alternative Ways to Play:

1. Instead of each kid looking for the same card, divide the rectangle cards in half and have students race to find their match before their partner does.
2. Students work together to match all the cards.
3. Students can play in teams instead of individually.
4. Students play twice. They time themselves to see if they can match up all cards in a quicker amount of time the second time.
5. Students both get their own matching card to look for, but a player cannot move on till their partner has found their match too.
6. Lay out the circle cards all over the room. Give each child in your class a rectangle card and they need to go all around the room to find their match. When they find it, give them another rectangle card.
