# WHAT IS THIS?

**This is a game where students race to find the answer first. Whenever they see the correct card, they grab it!**

# STEP 1

## HOW TO PLAY

Lay out all circle cards

Put all rectangle cards in a stack with students sitting right in front of the stack.

# STEP 2

# HOW TO PLAY

**Students race to grab the card that is on top FIRST!**

**We're both looking for 17.**

# STEP 3

## HOW TO PLAY

The person who finds the answer first gets to keep it as a point.

I grabbed the card first so I win the round. I keep the match.

# STEP 4

# HOW TO PLAY

Play continues until you run out of rectangle cards. The person with the most cards at the end wins.

# 10 SETS:

- +1 FACTS
- +2 FACTS
- +3 FACTS
- +4 FACTS
- +5 FACTS
- +6 FACTS
- +7 FACTS
- +8 FACTS
- +9 FACTS
- +10 FACTS

# 2 VERSIONS

**COLOR**

**BLACK & WHITE**

# OTHER IDEAS

Students simply match up cards with answers.

Instead of winning each round, let students:

- Time themselves. Play twice. Let students see if they can beat their original times finding answers.
- Work together. Let students take a big pile of rectangles + work together to find answers.
- Both players win the round. Students don't proceed to next card until both players find their answer.

Have each student work on a different set of facts that's at their level.

Have students look for different cards.

# Grab a K-5 math or reading bundle that lasts the entire year!

## BUILD IT GAMES

My Ice Cream Sundae

To win, you must have 10 items in your ice cream sundae.

#1

118  325

This game involves building a sundae by matching items to a list. A card shows the number 118 followed by a blank box and the number 325. A small box labeled #1 is also visible.
