GAME #1

5.NBT.2

The image is a collage of educational materials. At the top, a yellow card with the text 'EXPANDED FORM' and 'Card #3' is visible. Below it, the number '23.46 =' is written in large black font. Underneath, a white box contains the handwritten text 'Twenty-three and fo'. A purple pencil is positioned diagonally across the scene. In the background, a notebook with a black and white patterned cover and the text 'IT ON BOOK' is visible. In the foreground, a tablet displays a similar exercise for the number '9,345.67 =', showing its expanded form: $9 \times 1000 + 3 \times 100 + 4 \times 10 + 5 \times 1 + 6 \times (1/10) + 7 \times (1/100)$. At the bottom of the collage, a black bar contains the text 'Write each decimal in expanded form.' and '© The Lifet'.
